An Act

To assure the long-term conservation of mid-continent light geese and the biological diversity of the ecosystem upon which many North American migratory birds depend, by directing the Secretary of the Interior to implement rules to reduce the overabundant population of mid-continent light geese.

Nov. 24, 1999  
[H.R. 2454]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Arctic Tundra Habitat Emergency Conservation Act”.

Arctic Tundra  
Habitat  
Emergency  
Conservation  
Act.  
16 USC 703 note.

**SEC. 2. FINDINGS AND PURPOSES.**

16 USC 703 note.

(a) FINDINGS.—The Congress finds the following:

(1) The winter index population of mid-continent light geese was 800,000 birds in 1969, while the total population of such geese is more than 5,200,000 birds today.

(2) The population of mid-continent light geese is expanding by over 5 percent each year, and in the absence of new wildlife management actions it could grow to more than 6,800,000 breeding light geese in 3 years.

(3) The primary reasons for this unprecedented population growth are—

(A) the expansion of agricultural areas and the resulting abundance of cereal grain crops in the United States;

(B) the establishment of sanctuaries along the United States flyways of migrating light geese; and

(C) a decline in light geese harvest rates.

(4) As a direct result of this population explosion, the Hudson Bay Lowlands Salt-Marsh ecosystem in Canada is being systematically destroyed. This ecosystem contains approximately 135,000 acres of essential habitat for migrating light geese and many other avian species. Biologists have testified that one-third of this habitat has been destroyed, one-third is on the brink of devastation, and the remaining one-third is overgrazed.

(5) The destruction of the Arctic tundra is having a severe negative impact on many avian species that breed or migrate through this habitat, including the following:

(A) Canada Goose.

(B) American Wigeon.

(C) Dowitcher.

(D) Hudsonian Godwit.

(E) Stilt Sandpiper.

- (F) Northern Shoveler.
- (G) Red-Breasted Merganser.
- (H) Oldsquaw.
- (I) Parasitic Jaeger.
- (J) Whimbrel.
- (K) Yellow Rail.

(6) It is essential that the current population of mid-continent light geese be reduced by 50 percent by the year 2005 to ensure that the fragile Arctic tundra is not irreversibly damaged.

(b) PURPOSES.—The purposes of this Act are the following:

- (1) To reduce the population of mid-continent light geese.
- (2) To assure the long-term conservation of mid-continent light geese and the biological diversity of the ecosystem upon which many North American migratory birds depend.

16 USC 703 note. **SEC. 3. FORCE AND EFFECT OF RULES TO CONTROL OVERABUNDANT MID-CONTINENT LIGHT GEESE POPULATIONS.**

(a) FORCE AND EFFECT.—

(1) IN GENERAL.—The rules published by the Service on February 16, 1999, relating to use of additional hunting methods to increase the harvest of mid-continent light geese (64 Fed. Reg. 7507–7517) and the establishment of a conservation order for the reduction of mid-continent light goose populations (64 Fed. Reg. 7517–7528), shall have the force and effect of law.

(2) PUBLIC NOTICE.—The Secretary, acting through the Director of the Service, shall take such action as is necessary to appropriately notify the public of the force and effect of the rules referred to in paragraph (1).

(b) APPLICATION.—Subsection (a) shall apply only during the period that—

- (1) begins on the date of the enactment of this Act; and
- (2) ends on the latest of—

(A) the effective date of rules issued by the Service after such date of the enactment to control overabundant mid-continent light geese populations;

(B) the date of the publication of a final environmental impact statement for such rules under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)); and

(C) May 15, 2001.

(c) RULE OF CONSTRUCTION.—This section shall not be construed to limit the authority of the Secretary or the Service to issue rules, under another law, to regulate the taking of mid-continent light geese.

16 USC 703 note. **SEC. 4. COMPREHENSIVE MANAGEMENT PLAN.**

Deadline.

(a) IN GENERAL.—Not later than the end of the period described in section 103(b), the Secretary shall prepare, and as appropriate implement, a comprehensive, long-term plan for the management of mid-continent light geese and the conservation of their habitat.

(b) REQUIRED ELEMENTS.—The plan shall apply principles of adaptive resource management and shall include—

- (1) a description of methods for monitoring the levels of populations and the levels of harvest of mid-continent light geese, and recommendations concerning long-term harvest levels;

(2) recommendations concerning other means for the management of mid-continent light goose populations, taking into account the reasons for the population growth specified in section 102(a)(3);

(3) an assessment of, and recommendations relating to, conservation of the breeding habitat of mid-continent light geese;

(4) an assessment of, and recommendations relating to, conservation of native species of wildlife adversely affected by the overabundance of mid-continent light geese, including the species specified in section 102(a)(5); and

(5) an identification of methods for promoting collaboration with the Government of Canada, States, and other interested persons.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section \$1,000,000 for each of fiscal years 2000 through 2002.

#### SEC. 5. DEFINITIONS.

16 USC 703 note.

In this Act:

(1) MID-CONTINENT LIGHT GEESE.—The term “mid-continent light geese” means Lesser snow geese (*Anser caerulescens caerulescens*) and Ross’ geese (*Anser rossii*) that primarily migrate between Canada and the States of Alabama, Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin, and Wyoming.

SEC. 170. (a) FINDINGS.—The Congress finds the following:

(1) The District of Columbia has recently witnessed a spate of senseless killings of innocent citizens caught in the crossfire of shootings. A Justice Department crime victimization survey found that while the city saw a decline in the homicide rate between 1996 and 1997, the rate was the highest among a dozen cities and more than double the second highest city.

(2) The District of Columbia has not made adequate funding available to fight drug abuse in recent years, and the city has not deployed its resources as effectively as possible. In fiscal year 1998, \$20,900,000 was spent on publicly funded drug treatment in the District compared to \$29,000,000 in fiscal year 1993. The District’s Addiction and Prevention and Recovery Agency currently has only 2,200 treatment slots, a 50 percent drop from 1994, with more than 1,100 people on waiting lists.

(3) The District of Columbia has seen a rash of inmate escapes from halfway houses. According to Department of Corrections records, between October 21, 1998 and January 19, 1999, 376 of the 1,125 inmates assigned to halfway houses walked away. Nearly 280 of the 376 escapees were awaiting trial including two charged with murder.

(4) The District of Columbia public schools system faces serious challenges in correcting chronic problems, particularly long-standing deficiencies in providing special education services to the 1 in 10 District students needing program benefits, including backlogged assessments, and repeated failure to meet a compliance agreement on special education reached with the Department of Education.

(5) Deficiencies in the delivery of basic public services from cleaning streets to waiting time at Department of Motor Vehicles to a rat population estimated earlier this year to exceed the human population have generated considerable public frustration.

(6) Last year, the District of Columbia forfeited millions of dollars in Federal grants after Federal auditors determined that several agencies exceeded grant restrictions and in other instances, failed to spend funds before the grants expired.

(7) Findings of a 1999 report by the Annie E. Casey Foundation that measured the well-being of children reflected that, with one exception, the District ranked worst in the United States in every category from infant mortality to the rate of teenage births to statistics chronicling child poverty.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress that in considering the District of Columbia's fiscal year 2001 budget, the Congress will take into consideration progress or lack of progress in addressing the following issues:

(1) Crime, including the homicide rate, implementation of community policing, the number of police officers on local beats, and the closing down of open-air drug markets.

(2) Access to drug abuse treatment, including the number of treatment slots, the number of people served, the number of people on waiting lists, and the effectiveness of treatment programs.

(3) Management of parolees and pretrial violent offenders, including the number of halfway house escapes and steps taken to improve monitoring and supervision of halfway house residents to reduce the number of escapes.

(4) Education, including access to special education services and student achievement.

(5) Improvement in basic city services, including rat control and abatement.

(6) Application for and management of Federal grants.

(7) Indicators of child well-being.

(c) PROCEDURE AND PRIORITIES FOR DEBT PAYMENTS.—

(1) In structuring the agreement or memorandum of understanding identified in subsection (b)(2), the ASG and the Secretary shall include provisions, which create priorities for the payment of creditors in the following order—

(B) debts not exceeding a total amount of \$200,000 owed to a single provider and incurred for any legitimate governmental purpose for the benefit of the general population of American Samoa, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 70 percent of the amount owed, shall be given the second highest priority for payment from the loan proceeds under this section;

(C) debts exceeding a total amount of \$200,000 owed to a single provider and incurred for any legitimate governmental purpose for the benefit of the general population of American Samoa, wherein the creditor agrees to compromise and settle the existing debt for a payment not exceeding 65 percent of the amount owed, shall be given the third highest priority for payment from the loan proceeds under this section;

(2) The agreement described in subsection (b)(2) shall also generally provide a framework whereby the Governor of American Samoa shall, from time-to-time, be required to give 10 business days notice to the Secretary that ASG will make payment in accordance with this section to specified creditors and the amount which will be paid to each of such creditors.

Upon issuance of payments in accordance with the notice, the Governor shall immediately confirm such payments to the Secretary, and the Secretary shall within three business days following receipt of such confirmation transfer from the loan proceeds an amount sufficient to reimburse ASG for the payments made to creditors.

(3) The agreement may contain such other provisions as are mutually agreeable, and which are calculated to simplify and expedite the payment of existing debt under this section and ensure the greatest level of compromise and settlement with creditors in order to maximize the retirement of ASG debt.

(d) FISCAL AND MANAGERIAL REFORM PROGRAM.—

(1) The initial plan of fiscal and managerial reform, designed to bring ASG's annual operating expenses into balance with projected revenues for the years 2003 and beyond as required under subsection (b)(3), should identify specific measures which will be implemented by ASG to accomplish such goal, the anticipated reduction in government operating expense which will be achieved by each measure, and should include a timetable for attainment of each reform measure identified therein.

(2) The initial plan should also identify with specificity the manner in which approximately \$4,300,000 of the loan proceeds will be utilized to assist in meeting the reform plan's targets within the timetable specified through the use of incentives for early retirement, severance pay packages, outsourcing services, or any other expenditures for program elements reasonably calculated to result in reduced future operating expenses for ASG on a long term basis.

(3) Upon receipt of the initial plan, the Secretary shall consult with the Governor of American Samoa, and shall make any recommendations deemed reasonable and prudent to ensure the goals of reform are achieved. The reform plan shall contain objective criteria that can be documented by a competent third party, mutually agreeable to the Governor and the Secretary. The plan shall include specific targets for reducing the amounts of ASG local revenues expended on government payroll and overhead (including contracts for consulting services), and may include provisions which allow modest increases in support of the LBJ Hospital Authority reasonably calculated to assist the Authority implement reforms which will lead to an independent audit indicating annual expenditures at or below annual Authority receipts.

(4) The Secretary shall enter into an agreement with the Governor similar to that specified in subsection (c)(2) of this section, enabling ASG to make payments as contemplated in the reform plan and then to receive reimbursement from the Secretary out of the portion of loan proceeds allocated for the implementation of fiscal reforms.

(5) Within 60 days following receipt of the initial plan, the Secretary shall approve an interim final plan reasonably calculated to make substantial progress toward overall reform. The Secretary shall provide copies of the plan, and any subsequent modifications, to the House Committee on Resources, the House Committee on Appropriations Subcommittee on the Department of the Interior and Related Agencies, the Senate

(3) notwithstanding paragraphs (1) and (2) of this subsection, at any time the Secretary and the Governor mutually determine that the amount necessary to fund payments under paragraph (2) will total less than \$4,300,000 then the Secretary may approve the amount of any unused portion of such sum for additional payments against ASG debt under paragraph (1).

(f) EXCEPTION.— Proceeds from the loan under this section shall be used solely for the purposes of debt payments and reform plan implementation as specified herein, except that the Secretary may provide an amount equal to not more than 2 percent of the total loan proceeds for the purpose of retaining the services of an individual or business entity to provide direct assistance and management expertise in carrying out the purposes of this section. Such individual or business entity shall be mutually agreeable to the Governor and the Secretary, may not be a current or former employee of, or contractor for, and may not be a creditor of ASG. On such date, any unused loan proceeds totaling \$1,000,000 or less shall be transferred by the Secretary directly to ASG. If the amount of unused

loan proceeds exceeds \$1,000,000, then such amount shall be credited to the total of loan repayments specified in paragraph (b)(1). This authority is in addition to any other authorities which may be available to the Secretary including, but not limited to, the Cooperative Forestry Assistance Act of 1978, as amended (16 U.S.C. 2101 et seq.), and the Forest and Rangeland Renewable Resources Act of 1978, as amended (16 U.S.C. 1600-1614).

Byrd Hardwood Technology Center in West Virginia) as part of a newly formed “Institute of Hardwood Technology Transfer and Applied Research” (hereinafter the “Institute”). The Institute, in addition to the Wood Education and Resource Center, will consist of a Director, technology transfer specialists from State and Private Forestry, the Forestry Sciences Laboratory in Princeton, West Virginia, and any other organizational unit of the Department of Agriculture as the Secretary deems appropriate. The overall management of the Institute will be the responsibility of the Forest Service, State and Private Forestry.

(d) The Secretary is hereby and hereafter authorized to generate revenue using the authorities provided herein. SEC. 333. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar: *Provided*, That sales which are deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar may be advertised upon receipt

of a written request by a prospective, informed bidder, who has the opportunity to review the Forest Service's cruise and harvest cost estimate for that timber. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2000, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, all of the western red cedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2000, less than the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, the volume of western red cedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska; and (ii) is that percent of the surplus western red cedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western red cedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western red cedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western red cedar logs from a given sale to domestic Alaska processors at price equal to or greater than the log selling value stated in the contract. All additional western red cedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

(2) AUDIOLOGIC EVALUATION.—Audiologic evaluation consists of procedures to assess the status of the auditory system; to establish the site of the auditory disorder; the type and degree of hearing loss, and the potential effects of hearing loss on communication; and to identify appropriate treatment and referral options. Referral options should include linkage to State IDEA part C coordinating agencies or other appropriate agencies, medical evaluation, hearing aid/sensory aid assessment, audiologic rehabilitation treatment, national and local

consumer, self-help, parent, and education organizations, and other family-centered services.

Subject to paragraph (4), the Secretary shall seek to compute such months in a manner that provides for a level number of months for each cohort in each year in the last 4 years of the 5-year period described in paragraph (1)(A).

“(4) ANNUAL ADJUSTMENT TO MAINTAIN AGGREGATE EXPENDITURES WITHIN LIMITS.—In computing and specifying the number of additional months under paragraph (2), the Secretary shall adjust the number of additional months under this subsection for a cohort for a year from that provided in the previous year within such 5-year period to the extent necessary to take into account, based upon the best available data, differences between actual and estimated expenditures under this part attributable to this subsection for previous years and to comply with the limitation on total expenditures under paragraph (3).”.

“(ii) PHASE-IN.—Such risk adjustment methodology shall be implemented in a phased-in manner so that the methodology insofar as it makes adjustments to capitation rates for health status applies to—

“(I) 10 percent of  $\frac{1}{12}$  of the annual Medicare+Choice capitation rate in 2000 and 2001; and

“(II) not more than 20 percent of such capitation rate in 2002.”.

(b) MEDPAC STUDY AND REPORT.—

(1) STUDY.—The Medicare Payment Advisory Commission shall conduct a study that evaluates the methodology used by the Secretary of Health and Human Services in developing the risk factors used in adjusting the Medicare+Choice capitation rate paid to Medicare+Choice organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w–23) and includes the issues described in paragraph (2).

(2) ISSUES TO BE STUDIED.—The issues described in this paragraph are the following:

(A) The ability of the average risk adjustment factor applied to a Medicare+Choice plan to explain variations in plans’ average per capita medicare costs, as reported by Medicare+Choice plans in the plans’ adjusted community rate filings.

(B) The year-to-year stability of the risk factors applied to each Medicare+Choice plan and the potential for

substantial changes in payment for small Medicare+Choice plans.

(C) For medicare beneficiaries newly enrolled in Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from medicare fee-for-service data for those individuals from the period prior to their enrollment in a Medicare+Choice plan and the average risk factor calculated for such individuals during their initial year of enrollment in a Medicare+Choice plan.

(D) For medicare beneficiaries disenrolling from or switching among Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from data pertaining to the period prior to their disenrollment from a Medicare+Choice plan and the average risk factor calculated from data pertaining to the period after disenrollment.

(E) An evaluation of the exclusion of “discretionary” hospitalizations from consideration in the risk adjustment methodology.

(F) Suggestions for changes or improvements in the risk adjustment methodology.

(3) REPORT.—Not later than December 1, 2000, the Commission shall submit a report to Congress on the study conducted under paragraph (1), together with any recommendations for legislation that the Commission determines to be appropriate as a result of such study.

(c) STUDY AND REPORT REGARDING REPORTING OF ENCOUNTER DATA.—

(1) STUDY.—The Secretary of Health and Human Services shall conduct a study on how to reduce the costs and burdens on Medicare+Choice organizations of their complying with reporting requirements for encounter data imposed by the Secretary in establishing and implementing a risk adjustment methodology used in making payments to such organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w–23). The Secretary shall consult with representatives of Medicare+Choice organizations in conducting the study. The study shall address the following issues:

(A) Limiting the number and types of sites of services (that are in addition to inpatient sites) for which encounter data must be reported.

(B) Establishing alternative risk adjustment methods that would require submission of less data.

(C) The potential for Medicare+Choice organizations to misreport, overreport, or underreport prevalence of diagnoses in outpatient sites of care, the potential for increases in payments to Medicare+Choice organizations from changes in Medicare+Choice plan coding practices (commonly known as “coding creep”) and proposed methods for detecting and adjusting for such variations in diagnosis coding as part of the risk adjustment methodology using encounter data from multiple sites of care.

(D) The impact of such requirements on the willingness of insurers to offer Medicare+Choice MSA plans and options for modifying encounter data reporting requirements to accommodate such plans.

(E) Differences in the ability of Medicare+Choice organizations to report encounter data, and the potential for adverse competitive impacts on group and staff model health maintenance organizations or other integrated providers of care based on data reporting capabilities.

(2) REPORT.—Not later than January 1, 2001, the Secretary shall submit a report to Congress on the study conducted under this subsection, together with any recommendations for legislation that the Secretary determines to be appropriate as a result of such study.

## **TITLE VI—EMBASSY SECURITY AND COUNTERTERRORISM MEASURES**

**SEC. 601. SHORT TITLE.**

This title may be cited as the “Secure Embassy Construction and Counterterrorism Act of 1999”.

**SEC. 602. FINDINGS.**

Congress makes the following findings:

(1) On August 7, 1998, the United States embassies in Nairobi, Kenya, and in Dar es Salaam, Tanzania, were

destroyed by simultaneously exploding bombs. The resulting explosions killed 220 persons and injured more than 4,000 others. Twelve Americans and 40 Kenyan and Tanzanian employees of the United States Foreign Service were killed in the attack.

(2) The United States personnel in both Dar es Salaam and Nairobi showed leadership and personal courage in their response to the attacks. Despite the havoc wreaked upon the embassies, staff in both embassies provided rapid response in locating and rescuing victims, providing emergency assistance, and quickly restoring embassy operations during a crisis.

(3) The bombs are believed to have been set by individuals associated with Osama bin Laden, leader of a known transnational terrorist organization. In February 1998, bin Laden issued a directive to his followers that called for attacks against United States interests anywhere in the world.

(4) Threats continue to be made against United States diplomatic facilities.

(5) Accountability Review Boards were convened following the bombings, as required by Public Law 99-399, chaired by Admiral William J. Crowe, United States Navy (Ret.) (in this section referred to as the “Crowe panels”).

(6) The conclusions of the Crowe panels were strikingly similar to those stated by the Commission chaired by Admiral Bobby Ray Inman, which issued an extensive embassy security report in 1985.

(7) The Crowe panels issued a report setting out many problems with security at United States diplomatic facilities, in particular the following:

(A) The United States Government has devoted inadequate resources to security against terrorist attacks.

(B) The United States Government places too low a priority on security concerns.

(8) The result has been a failure to take adequate steps to prevent tragedies such as the bombings in Kenya and Tanzania.

(9) The Crowe panels found that there was an institutional failure on the part of the Department of State to recognize threats posed by transnational terrorism and vehicular bombs.

(10) Responsibility for ensuring adequate resources for security programs is widely shared throughout the United States Government, including Congress. Unless the vulnerabilities identified by the Crowe panels are addressed in a sustained and financially realistic manner, the lives and safety of United States employees in diplomatic facilities will continue to be at risk from further terrorist attacks.

(11) Although service in the Foreign Service or other United States Government positions abroad can never be completely without risk, the United States Government must take all reasonable steps to minimize security risks.

#### **SEC. 603. UNITED STATES DIPLOMATIC FACILITY DEFINED.**

In this title, the terms ‘United States diplomatic facility’ and ‘diplomatic facility’ mean any chancery, consulate, or other office notified to the host government as diplomatic or consular premises in accordance with the Vienna Conventions on Diplomatic and Consular Relations, or otherwise subject to a publicly available

bilateral agreement with the host government (contained in the records of the United States Department of State) that recognizes the official status of the United States Government personnel present at the facility.

**SEC. 871. FINDINGS.**

Congress makes the following findings:

(1) Congress concurs in the conclusions of the Department of State, as set forth in the Country Reports on Human Rights Practices for 1998, on human rights in the People’s Republic of China in 1998 as follows:

(A) “The People’s Republic of China (PRC) is an authoritarian state in which the Chinese Communist Party (CCP) is the paramount source of power. . . . Citizens lack both the freedom peacefully to express opposition to the party-led political system and the right to change their national leaders or form of government.”.

(B) “The Government continued to commit widespread and well-documented human rights abuses, in violation of internationally accepted norms. These abuses stemmed from the authorities’ very limited tolerance of public dissent aimed at the Government, fear of unrest, and the limited scope or inadequate implementation of laws protecting basic freedoms.”.

(C) “Abuses included instances of extrajudicial killings, torture and mistreatment of prisoners, forced confessions, arbitrary arrest and detention, lengthy incommunicado detention, and denial of due process.”.

(D) “Prison conditions at most facilities remained harsh. . . . The Government infringed on citizens’ privacy rights. The Government continued restrictions on freedom of speech and of the press, and tightened these toward the end of the year. The Government severely restricted freedom of assembly, and continued to restrict freedom of association, religion, and movement.”.

(E) “Discrimination against women, minorities, and the disabled; violence against women, including coercive family planning practices—which sometimes include forced abortion and forced sterilization; prostitution, trafficking in women and children, and the abuse of children all are problems.”.

(F) “The Government continued to restrict tightly worker rights, and forced labor remains a problem.”.

(G) “Serious human rights abuses persisted in minority areas, including Tibet and Xinjiang, where restrictions on religion and other fundamental freedoms intensified.”.

(H) “Unapproved religious groups, including Protestant and Catholic groups, continued to experience varying degrees of official interference and repression.”.

(I) “Although the Government denies that it holds political or religious prisoners, and argues that all those in prison are legitimately serving sentences for crimes under the law, an unknown number of persons, estimated at several thousand, are detained in violation of international human rights instruments for peacefully expressing their political, religious, or social views.”.

(2) In addition to the State Department, credible press reports and human rights organizations have documented an intense crackdown on political activists by the Government of the People’s Republic of China, involving the harassment, detainment, arrest, and imprisonment of dozens of activists.

(3) The People’s Republic of China, as a member of the United Nations, is expected to abide by the provisions of the Universal Declaration of Human Rights.

(4) The People’s Republic of China is a party to numerous international human rights conventions, including the Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, and is a signatory to the International Covenant on Civil and Political Rights and the Covenant on Economic, Social, and Cultural Rights.

## **CHAPTER 2—MATTERS RELATING TO THE CONTROL OF BIOLOGICAL WEAPONS**

### **SEC. 1121. SHORT TITLE.**

This chapter may be cited as the “National Security and Corporate Fairness under the Biological Weapons Convention Act”.

### **SEC. 1122. DEFINITIONS.**

In this chapter:

(1) **BIOLOGICAL WEAPONS CONVENTION.**—The term “Biological Weapons Convention” means the 1972 Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on their Destruction.

(2) **COMPLIANCE PROTOCOL.**—The term “compliance protocol” means that segment of a bilateral or multilateral agreement that enables investigation of questions of compliance entailing written data or visits to facilities to monitor compliance.

(3) **INDUSTRY.**—The term “industry” means any corporate or private sector entity engaged in the research, development, production, import, and export of peaceful pharmaceuticals and bio-technological and related products.

### **SEC. 1123. FINDINGS.**

Congress makes the following findings:

(1) The threat of biological weapons and their proliferation is one of the greatest national security threats facing the United States.

(2) The threat of biological weapons and materials represents a serious and increasing danger to people around the world.

(3) Biological weapons are relatively inexpensive to produce, can be made with readily available expertise and equipment, do not require much space to make and can therefore be readily concealed, do not require unusual raw materials or materials not readily available for legitimate purposes, do not require the maintenance of stockpiles, or can be delivered with low-technology mechanisms, and can effect widespread casualties even in small quantities.

(4) Unlike other weapons of mass destruction, biological materials capable of use as weapons can occur naturally in the environment and are also used for medicinal or other beneficial purposes.

(5) Biological weapons are morally reprehensible, prompting the United States Government to halt its offensive biological weapons program in 1969, subsequently destroy its entire biological weapons arsenal, and maintain henceforth only a robust defensive capacity.

(6) The Senate gave its advice and consent to ratification of the Biological Weapons Convention in 1974.

(7) The Director of the Arms Control and Disarmament Agency explained, at the time of the Senate’s consideration of the Biological Weapons Convention, that the treaty contained no verification provisions because verification would be “difficult”.

(8) A compliance protocol has now been proposed to strengthen the 1972 Biological Weapons Convention.

(9) The resources needed to produce, stockpile, and store biological weapons are the same as those used in peaceful industry facilities to discover, develop, and produce medicines.

(10) The raw materials of biological agents are difficult to use as an indicator of an offensive military program because the same materials occur in nature or can be used to produce a wide variety of products.

(11) Some biological products are genetically manipulated to develop new commercial products, optimizing production and ensuring the integrity of the product, making it difficult to distinguish between legitimate commercial activities and offensive military activities.

(12) Only a small culture of a biological agent and some growth medium are needed to produce a large amount of biological agents with the potential for offensive purposes.

(13) The United States pharmaceutical and biotechnology industries are a national asset and resource that contribute to the health and well-being of the American public as well as citizens around the world.

(14) One bacterium strain can represent a large proportion of a company's investment in a pharmaceutical product and thus its potential loss during an arms control monitoring activity could conceivably be worth billions of dollars.

(15) Biological products contain proprietary genetic information.

(16) The proposed compliance regime for the Biological Weapons Convention entails new data reporting and investigation requirements for industry.

(17) A compliance regime which contributes to the control of biological weapons and materials must have a reasonable chance of success in reducing the risk of production, stockpiling, or use of biological weapons while protecting the reputations, intellectual property, and confidential business information of legitimate companies.

#### **SEC. 1124. TRIAL INVESTIGATIONS AND TRIAL VISITS.**

(a) NATIONAL SECURITY TRIAL INVESTIGATIONS AND TRIAL VISITS.—The President shall conduct a series of national security trial investigations and trial visits, both during and following negotiations to develop a compliance protocol to the Biological Weapons Convention, with the objective of ensuring that the compliance procedures of the protocol are effective and adequately protect the national security of the United States. These trial investigations and trial visits shall be conducted at such sites as United States Government facilities, installations, and national laboratories.

(b) UNITED STATES INDUSTRY TRIAL INVESTIGATIONS AND TRIAL VISITS.—The President shall take all appropriate steps to conduct or sponsor a series of United States industry trial investigations and trial visits, both during and following negotiations to develop a compliance protocol to the Biological Weapons Convention, with the objective of ensuring that the compliance procedures of the protocol are effective and adequately protect the national security and the concerns of affected United States industries and research institutions. These trial investigations and trial visits shall be conducted at such sites as academic institutions, vaccine production

facilities, and pharmaceutical and biotechnology firms in the United States.

(c) PARTICIPATION BY DEFENSE DEPARTMENT AND OTHER APPROPRIATE PERSONNEL.—The Secretary of Defense and, as appropriate, the Director of the Federal Bureau of Investigation shall make available specialized personnel to participate—

(1) in each trial investigation or trial visit conducted pursuant to subsection (a); and

(2) in each trial investigation or trial visit conducted pursuant to subsection (b), except for any investigation or visit in which the host facility requests that such personnel not participate,

for the purpose of assessing the information security implications of such investigation or visit. The Secretary of Defense, in coordination with the Director of the Federal Bureau of Investigation, shall add to the report required by subsection (d)(2) a classified annex containing an assessment of the risk to proprietary and classified information posed by any investigation or visit procedures in the compliance protocol.

(d) STUDY.—

(1) IN GENERAL.—The President shall conduct a study on the need for investigations and visits under the compliance protocol to the Biological Weapons Convention, including—

(A) an assessment of risks to national security and United States industry and research institutions of such on-site activities; and

(B) an assessment of the monitoring results that can be expected from such investigations and visits.

(2) REPORT.—Not later than the date on which a compliance protocol to the Biological Weapons Convention is submitted to the Senate for its advice and consent to ratification, the President shall submit to the Committee on Foreign Relations of the Senate a report, in both unclassified and classified form, setting forth—

(A) the findings of the study conducted pursuant to paragraph (1); and

(B) the results of trial investigations and trial visits conducted pursuant to subsections (a) and (b).

“(c)(1) The Department of State, the Department of Defense, the Department of Commerce, the Department of Energy, the Commission, and, with regard to subparagraph (B), the Director of Central Intelligence, shall keep the Committees on Foreign Relations and Governmental Affairs of the Senate and the Committee on International Relations of the House of Representatives fully and currently informed with respect to—

(1) arrangements for the establishment of that facility will further United States nuclear nonproliferation objectives and will outweigh the proliferation risks inherent in the use of mixed oxide fuel elements;

(2) a guaranty has been given by Russia that no fuel elements produced, fabricated, reprocessed, or assembled at such facility, and no sensitive nuclear technology related to such facility, will be exported or supplied by Russia to any country in the event that the United States objects to such export or supply; and

(3) a guaranty has been given by Russia that the facility and all nuclear materials and equipment therein, and any fuel elements or special nuclear material produced, fabricated,

reprocessed, or assembled at that facility, including fuel elements exported or supplied by Russia to a third party, will be subject to international monitoring and transparency sufficient to ensure that special nuclear material is not diverted.

(c) DEFINITIONS.—

## Subtitle D—Defense Offsets Disclosure

### SEC. 1241. SHORT TITLE.

This subtitle may be cited as the “Defense Offsets Disclosure Act of 1999”.

### SEC. 1242. FINDINGS AND DECLARATION OF POLICY.

(a) FINDINGS.—Congress makes the following findings:

(1) A fair business environment is necessary to advance international trade, economic stability, and development worldwide, is beneficial for American workers and businesses, and is in the United States national interest.

(2) In some cases, mandated offset requirements can cause economic distortions in international defense trade and undermine fairness and competitiveness, and may cause particular harm to small- and medium-sized businesses.

(3) The use of offsets may lead to increasing dependence on foreign suppliers for the production of United States weapons systems.

(4) The offset demands required by some purchasing countries, including some close allies of the United States, equal or exceed the value of the base contract they are intended to offset, mitigating much of the potential economic benefit of the exports.

(5) Offset demands often unduly distort the prices of defense contracts.

(6) In some cases, United States contractors are required to provide indirect offsets which can negatively impact non-defense industrial sectors.

(7) Unilateral efforts by the United States to prohibit offsets may be impractical in the current era of globalization and would severely hinder the competitiveness of the United States defense industry in the global market.

(8) The development of global standards to manage and restrict demands for offsets would enhance United States efforts to mitigate the negative impact of offsets.

(b) **DECLARATION OF POLICY.**—It is the policy of the United States to monitor the use of offsets in international defense trade, to promote fairness in such trade, and to ensure that foreign participation in the production of United States weapons systems does not harm the economy of the United States.

**SEC. 1243. DEFINITIONS.**

In this subtitle:

(1) **APPROPRIATE CONGRESSIONAL COMMITTEES.**—The term “appropriate congressional committees” means—

(A) the Committee on Foreign Relations of the Senate; and

(B) the Committee on International Relations of the House of Representatives.

(2) **G–8.**—The term “G–8” means the group consisting of France, Germany, Japan, the United Kingdom, the United States, Canada, Italy, and Russia established to facilitate economic cooperation among the eight major economic powers.

(3) **OFFSET.**—The term “offset” means the entire range of industrial and commercial benefits provided to foreign governments as an inducement or condition to purchase military goods or services, including benefits such as coproduction, licensed production, subcontracting, technology transfer, in-country procurement, marketing and financial assistance, and joint ventures.

(2) REQUIREMENTS.—For proposed exports to those nations which meet the requirements of paragraph (1), the regime should include expedited processing of requests for export authorizations that—

(A) are time-critical, including a transfer or exchange of information relating to a satellite failure or anomaly in-flight or on-orbit;

(B) are required to submit bids to procurements offered by foreign persons;

(C) relate to the re-export of unimproved materials, products, or data; or

(D) are required to obtain launch and on-orbit insurance.

(3) ADDITIONAL REQUIREMENTS.—In establishing the regulatory regime under paragraph (1), the Secretary of State shall ensure that—

(A) United States national security considerations and United States obligations under the Missile Technology Control Regime are given priority in the evaluation of any license; and

(B) such time is afforded as is necessary for the Department of Defense, the Department of State, and the United States intelligence community to conduct a review of any license.

(b) FINANCIAL AND PERSONNEL RESOURCES.—Of the funds authorized to be appropriated in section 101(1)(A), \$9,000,000 is authorized to be appropriated for the Office of Defense Trade Controls of the Department of State for each of the fiscal years 2000 and 2001, to enable that office to carry out its responsibilities.

(c) IMPROVEMENT AND ASSESSMENT.—The Secretary of State should, not later than 6 months after the date of the enactment of this Act, submit to the Congress a plan for—

(1) continuously gathering industry and public suggestions for potential improvements in the Department of State's export control regime for commercial satellites; and

(2) arranging for the conduct and submission to Congress, not later than 15 months after the date of the enactment of this Act, of an independent review of the export control regime for commercial satellites as to its effectiveness at promoting national security and economic competitiveness.

#### **SEC. 1310. STUDY ON LICENSING PROCESS UNDER THE ARMS EXPORT CONTROL ACT.**

(a) STUDY.—Not later than 180 days after the date of enactment of this Act, the Secretary of State should submit to the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives a study on the performance of the licensing process pursuant to the Arms Export Control Act (22 U.S.C. 2751 et seq.), with recommendations on how to improve that performance.

(b) CONTENTS.—The study should include the following:

(1) An analysis of the typology of licenses on which action was completed in 1999. The analysis should provide information on major categories of license requests, including—

(A) the number for nonautomatic small arms, automatic small arms, technical data, parts and components, and other weapons;

(B) the percentage of each category staffed to other agencies;

(C) the average and median time taken for the processing cycle for each category when staffed and not staffed;

(D) the average time taken by Presidential or National Security Council review or scrutiny, if significant; and

(E) the average time spent at the Department of State after a decision had been taken on a license but before a contractor was notified of the decision.

For each major category of license requests under this paragraph, the study should include a breakdown of licenses by country and the identity of each country that has been identified in the past three years pursuant to section 3(e) of the Arms Export Control Act (22 U.S.C. 2753(e)).

(2) A review of the current computer capabilities of the Department of State relevant to the processing of licenses and its capability to communicate electronically with other agencies and contractors, and what improvements could be made that would speed the process, including the cost for such improvements.

(3) An analysis of the work load and salary structure for export licensing officers of the Office of Defense Trade Controls of the Department of State as compared to comparable jobs at the Department of Commerce and the Department of Defense.

(4) Any suggestions of the Department of State relating to resources and regulations, and any relevant statutory changes that might expedite the licensing process while furthering the objectives of the Arms Export Control Act (22 U.S.C. 2751 et seq.).

#### **SEC. 1311. REPORT CONCERNING PROLIFERATION OF SMALL ARMS.**

(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Secretary of State shall submit to the appropriate committees of Congress a report containing—

(1) an assessment of whether the global trade in small arms poses any proliferation problems, including—

(A) estimates of the numbers and sources of licit and illicit small arms and light arms in circulation and their origins;

(B) the challenges associated with monitoring small arms; and

(C) the political, economic, and security dimensions of this issue, and the threats posed, if any, by these weapons to United States interests, including national security interests;

(2) an assessment of whether the export of small arms of the type sold commercially in the United States should be considered a foreign policy or proliferation issue;

(3) a description and analysis of the adequacy of current Department of State activities to monitor and, to the extent possible, ensure adequate control of, both the licit and illicit manufacture, transfer, and proliferation of small arms and light weapons, including efforts to survey and assess this matter with respect to Africa and to survey and assess the scope

and scale of the issue, including stockpile security and destruction of excess inventory, in NATO and Partnership for Peace countries;

(4) a description of the impact of the reorganization of the Department of State made by the Foreign Affairs Reform and Restructuring Act of 1998 on the transfer of functions relating to monitoring, licensing, analysis, and policy on small arms and light weapons, including—

(A) the integration of and the functions relating to small arms and light weapons of the United States Arms Control and Disarmament Agency with those of the Department of State;

(B) the functions of the Bureau of Arms Control, the Bureau of Nonproliferation, the Bureau of Political-Military Affairs, the Bureau of International Narcotics and Law Enforcement, regional bureaus, and any other relevant bureau or office of the Department of State, including the allocation of personnel and funds, as they pertain to small arms and light weapons;

(C) the functions of the regional bureaus of the Department of State in providing information and policy coordination in bilateral and multilateral settings on small arms and light weapons;

(5) an assessment of whether foreign governments are enforcing their own laws concerning small arms and light weapons import and sale, including commitments under the Inter-American Convention Against the Illicit Manufacturing of and Trafficking in Firearms, Ammunition, Explosives, and Other Related Materials or other relevant international agreements.

(b) **DEFINITION.**—In this section, the term “appropriate committees of Congress” means the Committee on Foreign Relations and the Select Committee on Intelligence of the Senate and the Committee on International Relations and the Permanent Select Committee on Intelligence of the House of Representatives.

#### **SEC. 1312. CONFORMING AMENDMENT.**

**APPENDIX H—H.R. 3428****SECTION 1. USE OF OPTION 1A AS PRICE STRUCTURE FOR CLASS I MILK UNDER CONSOLIDATED FEDERAL MILK MARKETING ORDERS.**

(a) **FINAL RULE DEFINED.**—In this section, the term “final rule” means the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897–48021), to comply with section 143 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7253).

(b) **IMPLEMENTATION OF FINAL RULE FOR MILK ORDER REFORM.**—Subject to subsection (c), the final rule shall take effect, and be implemented by the Secretary of Agriculture, on the first day of the first month beginning at least 30 days after the date of the enactment of this Act.

(c) **USE OF OPTION 1A FOR PRICING CLASS I MILK.**—In lieu of the Class I price differentials specified in the final rule, the Secretary of Agriculture shall price fluid or Class I milk under the Federal milk marketing orders using the Class I price differentials identified as Option 1A “Location-Specific Differentials Analysis” in the proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802, 4809), except that the Secretary shall include the corrections and modifications to such Class I differentials made by the Secretary through April 2, 1999.

(d) **EFFECT OF PRIOR ANNOUNCEMENT OF MINIMUM PRICES.**—If the Secretary of Agriculture announces minimum prices for milk under Federal milk marketing orders pursuant to section 1000.50 of title 7, Code of Federal Regulations, before the effective date specified in subsection (b), the minimum prices so announced before that date shall be the only applicable minimum prices under Federal milk marketing orders for the month or months for which the prices have been announced.

(e) **IMPLEMENTATION OF REQUIREMENT.**—The implementation of the final rule, as modified by subsection (c), shall not be subject to any of the following:

(1) The notice and hearing requirements of section 8c(3) of the Agricultural Adjustment Act (7 U.S.C. 608c(3)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, or the notice and comment provisions of section 553 of title 5, United States Code.

(2) A referendum conducted by the Secretary of Agriculture pursuant to subsections (17) or (19) of section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937.

(3) The Statement of Policy of the Secretary of Agriculture effective July 24, 1971 (36 Fed. Reg. 13804), relating to notices of proposed rulemaking and public participation in rulemaking.

(4) Chapter 35 of title 44, United States Code (commonly known as the Paperwork Reduction Act).

(5) Any decision, restraining order, or injunction issued by a United States court before the date of the enactment of this Act.

**SEC. 2. FURTHER RULEMAKING TO DEVELOP PRICING METHODS FOR CLASS III AND CLASS IV MILK UNDER MARKETING ORDERS.**

(a) CONGRESSIONAL FINDING.—The Class III and Class IV milk pricing formulas included in the final decision for the consolidation and reform of Federal milk marketing orders, as published in the Federal Register on April 2, 1999 (64 Fed. Reg. 16025), do not adequately reflect public comment on the original proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802), and are sufficiently different from the proposed rule and any comments submitted with regard to the proposed rule that further emergency rulemaking is merited.

(b) RULEMAKING REQUIRED.—The Secretary of Agriculture shall conduct rulemaking, on the record after an opportunity for an agency hearing, to reconsider the Class III and Class IV milk pricing formulas included in the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897–48021).

(c) TIME PERIOD FOR RULEMAKING.—On December 1, 2000, the Secretary of Agriculture shall publish in the Federal Register a final decision on the Class III and Class IV milk pricing formulas. The resulting formulas shall take effect, and be implemented by the Secretary, on January 1, 2001.

(d) EFFECT OF COURT ORDER.—The actions authorized by subsections (b) and (c) are intended to ensure the timely publication and implementation of new pricing formulas for Class III and Class IV milk. In the event that the Secretary of Agriculture is enjoined or otherwise restrained by a court order from implementing a final decision within the time period specified in subsection (c), the length of time for which that injunction or other restraining order is effective shall be added to the time limitations specified in subsection (c) thereby extending those time limitations by a period of time equal to the period of time for which the injunction or other restraining order is effective.

(e) FAILURE TO TIMELY COMPLETE RULEMAKING.—If the Secretary of Agriculture fails to implement new Class III and Class IV milk pricing formulas within the time period required under subsection (c) (plus any additional period provided under subsection (d)), the Secretary may not assess or collect assessments from milk producers or handlers under section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, for marketing order administration and services provided under such section after the end of that period until the pricing formulas are implemented. The Secretary may not reduce the level of services provided under that section on account of the prohibition against assessments, but shall rather cover the cost of marketing order administration

and services through funds available for the Agricultural Marketing Service of the Department.

(f) IMPLEMENTATION OF REQUIREMENT.—The implementation of the final decision on new Class III and Class IV milk pricing formulas shall not be subject to congressional review under chapter 8 of title 5, United States Code.

### SEC. 3. DAIRY FORWARD PRICING PROGRAM.

The Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, is amended by adding at the end the following new section:

#### “SEC. 23. DAIRY FORWARD PRICING PILOT PROGRAM.

“(a) PILOT PROGRAM REQUIRED.—Not later than 90 days after the date of the enactment of this section, the Secretary of Agriculture shall establish a temporary pilot program under which milk producers and cooperatives are authorized to voluntarily enter into forward price contracts with milk handlers.

“(b) MINIMUM MILK PRICE REQUIREMENTS.—Payments made by milk handlers to milk producers and cooperatives, and prices received by milk producers and cooperatives, under the forward contracts shall be deemed to satisfy—

“(1) all regulated minimum milk price requirements of paragraphs (B) and (F) of subsection (5) of section 8c; and

“(2) the requirement of paragraph (C) of such subsection regarding total payments by each handler.

“(c) MILK COVERED BY PILOT PROGRAM.—

“(1) COVERED MILK.—The pilot program shall apply only with respect to the marketing of federally regulated milk that—

“(A) is not classified as Class I milk or otherwise intended for fluid use; and

“(B) is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects interstate or foreign commerce in federally regulated milk.

“(2) RELATION TO CLASS I MILK.—To assist milk handlers in complying with the limitation in paragraph (1)(A) without having to segregate or otherwise individually track the source and disposition of milk, a milk handler may allocate milk receipts from producers, cooperatives, and other sources that are not subject to a forward contract to satisfy the handler’s obligations with regard to Class I milk usage.

“(d) DURATION.—The authority of the Secretary of Agriculture to carry out the pilot program shall terminate on December 31, 2004. No forward price contract entered into under the program may extend beyond that date.

“(e) STUDY AND REPORT ON EFFECT OF PILOT PROGRAM.—

“(1) STUDY.—The Secretary of Agriculture shall conduct a study on forward contracting between milk producers and cooperatives and milk handlers to determine the impact on milk prices paid to producers in the United States. To obtain information for the study, the Secretary may use the authorities available to the Secretary under section 8d, subject to the confidentiality requirements of subsection (2) of such section.

“(2) REPORT.—Not later than April 30, 2002, the Secretary shall submit to the Committee on Agriculture, Nutrition and Forestry of the Senate and the Committee on Agriculture of

the House of Representatives a report containing the results of the study.”.

**SEC. 4. CONTINUATION OF CONGRESSIONAL CONSENT FOR NORTH-EAST INTERSTATE DAIRY COMPACT.**

Section 147(3) of the Agricultural Market Transition Act (7 U.S.C. 7256(3)) is amended by striking “concurrent with” and all that follows through the period at the end and inserting “on September 30, 2001.”.

**SEC. 1001. SHORT TITLE.**

This title may be cited as the “Satellite Home Viewer Improvement Act of 1999”.

**SEC. 1002. LIMITATIONS ON EXCLUSIVE RIGHTS; SECONDARY TRANSMISSIONS BY SATELLITE CARRIERS WITHIN LOCAL MARKETS.**

(a) IN GENERAL.—Chapter 1 of title 17, United States Code, is amended by adding after section 121 the following new section:

**“§ 122. Limitations on exclusive rights; secondary transmissions by satellite carriers within local markets**

“(a) SECONDARY TRANSMISSIONS OF TELEVISION BROADCAST STATIONS BY SATELLITE CARRIERS.—A secondary transmission of a performance or display of a work embodied in a primary transmission of a television broadcast station into the station’s local market shall be subject to statutory licensing under this section if—

“(1) the secondary transmission is made by a satellite carrier to the public;

“(2) with regard to secondary transmissions, the satellite carrier is in compliance with the rules, regulations, or authorizations of the Federal Communications Commission governing the carriage of television broadcast station signals; and

“(3) the satellite carrier makes a direct or indirect charge for the secondary transmission to—

“(A) each subscriber receiving the secondary transmission; or

“(B) a distributor that has contracted with the satellite carrier for direct or indirect delivery of the secondary transmission to the public.

“(b) REPORTING REQUIREMENTS.—

“(1) INITIAL LISTS.—A satellite carrier that makes secondary transmissions of a primary transmission made by a network station under subsection (a) shall, within 90 days after commencing such secondary transmissions, submit to the network

that owns or is affiliated with the network station a list identifying (by name in alphabetical order and street address, including county and zip code) all subscribers to which the satellite carrier makes secondary transmissions of that primary transmission under subsection (a).

“(2) SUBSEQUENT LISTS.—After the list is submitted under paragraph (1), the satellite carrier shall, on the 15th of each month, submit to the network a list identifying (by name in alphabetical order and street address, including county and zip code) any subscribers who have been added or dropped as subscribers since the last submission under this subsection.

“(3) USE OF SUBSCRIBER INFORMATION.—Subscriber information submitted by a satellite carrier under this subsection may be used only for the purposes of monitoring compliance by the satellite carrier with this section.

“(4) REQUIREMENTS OF NETWORKS.—The submission requirements of this subsection shall apply to a satellite carrier only if the network to which the submissions are to be made places on file with the Register of Copyrights a document identifying the name and address of the person to whom such submissions are to be made. The Register of Copyrights shall maintain for public inspection a file of all such documents.

“(c) NO ROYALTY FEE REQUIRED.—A satellite carrier whose secondary transmissions are subject to statutory licensing under subsection (a) shall have no royalty obligation for such secondary transmissions.

“(d) NONCOMPLIANCE WITH REPORTING AND REGULATORY REQUIREMENTS.—Notwithstanding subsection (a), the willful or repeated secondary transmission to the public by a satellite carrier into the local market of a television broadcast station of a primary transmission embodying a performance or display of a work made by that television broadcast station is actionable as an act of infringement under section 501, and is fully subject to the remedies provided under sections 502 through 506 and 509, if the satellite carrier has not complied with the reporting requirements of subsection (b) or with the rules, regulations, and authorizations of the Federal Communications Commission concerning the carriage of television broadcast signals.

“(e) WILLFUL ALTERATIONS.—Notwithstanding subsection (a), the secondary transmission to the public by a satellite carrier into the local market of a television broadcast station of a performance or display of a work embodied in a primary transmission made by that television broadcast station is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506 and sections 509 and 510, if the content of the particular program in which the performance or display is embodied, or any commercial advertising or station announcement transmitted by the primary transmitter during, or immediately before or after, the transmission of such program, is in any way willfully altered by the satellite carrier through changes, deletions, or additions, or is combined with programming from any other broadcast signal.

“(f) VIOLATION OF TERRITORIAL RESTRICTIONS ON STATUTORY LICENSE FOR TELEVISION BROADCAST STATIONS.—

“(1) INDIVIDUAL VIOLATIONS.—The willful or repeated secondary transmission to the public by a satellite carrier of a primary transmission embodying a performance or display of

a work made by a television broadcast station to a subscriber who does not reside in that station's local market, and is not subject to statutory licensing under section 119 or a private licensing agreement, is actionable as an act of infringement under section 501 and is fully subject to the remedies provided by sections 502 through 506 and 509, except that—

“(A) no damages shall be awarded for such act of infringement if the satellite carrier took corrective action by promptly withdrawing service from the ineligible subscriber; and

“(B) any statutory damages shall not exceed \$5 for such subscriber for each month during which the violation occurred.

“(2) PATTERN OF VIOLATIONS.—If a satellite carrier engages in a willful or repeated pattern or practice of secondarily transmitting to the public a primary transmission embodying a performance or display of a work made by a television broadcast station to subscribers who do not reside in that station's local market, and are not subject to statutory licensing under section 119 or a private licensing agreement, then in addition to the remedies under paragraph (1)—

“(A) if the pattern or practice has been carried out on a substantially nationwide basis, the court—

“(i) shall order a permanent injunction barring the secondary transmission by the satellite carrier of the primary transmissions of that television broadcast station (and if such television broadcast station is a network station, all other television broadcast stations affiliated with such network); and

“(ii) may order statutory damages not exceeding \$250,000 for each 6-month period during which the pattern or practice was carried out; and

“(B) if the pattern or practice has been carried out on a local or regional basis with respect to more than one television broadcast station, the court—

“(i) shall order a permanent injunction barring the secondary transmission in that locality or region by the satellite carrier of the primary transmissions of any television broadcast station; and

“(ii) may order statutory damages not exceeding \$250,000 for each 6-month period during which the pattern or practice was carried out.

“(g) BURDEN OF PROOF.—In any action brought under subsection (f), the satellite carrier shall have the burden of proving that its secondary transmission of a primary transmission by a television broadcast station is made only to subscribers located within that station's local market or subscribers being served in compliance with section 119 or a private licensing agreement.

“(h) GEOGRAPHIC LIMITATIONS ON SECONDARY TRANSMISSIONS.—The statutory license created by this section shall apply to secondary transmissions to locations in the United States.

“(i) EXCLUSIVITY WITH RESPECT TO SECONDARY TRANSMISSIONS OF BROADCAST STATIONS BY SATELLITE TO MEMBERS OF THE PUBLIC.—No provision of section 111 or any other law (other than this section and section 119) shall be construed to contain any authorization, exemption, or license through which secondary transmissions by satellite carriers of programming contained in a primary

transmission made by a television broadcast station may be made without obtaining the consent of the copyright owner.

“(j) DEFINITIONS.—In this section—

“(1) DISTRIBUTOR.—The term ‘distributor’ means an entity which contracts to distribute secondary transmissions from a satellite carrier and, either as a single channel or in a package with other programming, provides the secondary transmission either directly to individual subscribers or indirectly through other program distribution entities.

“(2) LOCAL MARKET.—

“(A) IN GENERAL.—The term ‘local market’, in the case of both commercial and noncommercial television broadcast stations, means the designated market area in which a station is located, and—

“(i) in the case of a commercial television broadcast station, all commercial television broadcast stations licensed to a community within the same designated market area are within the same local market; and

“(ii) in the case of a noncommercial educational television broadcast station, the market includes any station that is licensed to a community within the same designated market area as the noncommercial educational television broadcast station.

“(B) COUNTY OF LICENSE.—In addition to the area described in subparagraph (A), a station’s local market includes the county in which the station’s community of license is located.

“(C) DESIGNATED MARKET AREA.—For purposes of subparagraph (A), the term ‘designated market area’ means a designated market area, as determined by Nielsen Media Research and published in the 1999–2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication.

“(3) NETWORK STATION; SATELLITE CARRIER; SECONDARY TRANSMISSION.—The terms ‘network station’, ‘satellite carrier’, and ‘secondary transmission’ have the meanings given such terms under section 119(d).

“(4) SUBSCRIBER.—The term ‘subscriber’ means a person who receives a secondary transmission service from a satellite carrier and pays a fee for the service, directly or indirectly, to the satellite carrier or to a distributor.

“(5) TELEVISION BROADCAST STATION.—The term ‘television broadcast station’—

“(A) means an over-the-air, commercial or noncommercial television broadcast station licensed by the Federal Communications Commission under subpart E of part 73 of title 47, Code of Federal Regulations, except that such term does not include a low-power or translator television station; and

“(B) includes a television broadcast station licensed by an appropriate governmental authority of Canada or Mexico if the station broadcasts primarily in the English language and is a network station as defined in section 119(d)(2)(A).”.

(b) INFRINGEMENT OF COPYRIGHT.—Section 501 of title 17, United States Code, is amended by adding at the end the following new subsection:

“(f)(1) With respect to any secondary transmission that is made by a satellite carrier of a performance or display of a work embodied in a primary transmission and is actionable as an act of infringement under section 122, a television broadcast station holding a copyright or other license to transmit or perform the same version of that work shall, for purposes of subsection (b) of this section, be treated as a legal or beneficial owner if such secondary transmission occurs within the local market of that station.

“(2) A television broadcast station may file a civil action against any satellite carrier that has refused to carry television broadcast signals, as required under section 122(a)(2), to enforce that television broadcast station’s rights under section 338(a) of the Communications Act of 1934.”.

“(a) CARRIAGE OBLIGATIONS.—

“(1) IN GENERAL.—Subject to the limitations of paragraph (2), each satellite carrier providing, under section 122 of title 17, United States Code, secondary transmissions to subscribers located within the local market of a television broadcast station of a primary transmission made by that station shall carry upon request the signals of all television broadcast stations located within that local market, subject to section 325(b).

“(2) REMEDIES FOR FAILURE TO CARRY.—The remedies for any failure to meet the obligations under this subsection shall be available exclusively under section 501(f) of title 17, United States Code.

“(3) EFFECTIVE DATE.—No satellite carrier shall be required to carry local television broadcast stations under paragraph (1) until January 1, 2002.

“(b) GOOD SIGNAL REQUIRED.—

“(1) COSTS.—A television broadcast station asserting its right to carriage under subsection (a) shall be required to bear the costs associated with delivering a good quality signal to the designated local receive facility of the satellite carrier or to another facility that is acceptable to at least one-half the stations asserting the right to carriage in the local market.

“(2) REGULATIONS.—The regulations issued under subsection (g) shall set forth the obligations necessary to carry out this subsection.

“(c) DUPLICATION NOT REQUIRED.—

“(1) COMMERCIAL STATIONS.—Notwithstanding subsection (a), a satellite carrier shall not be required to carry upon request the signal of any local commercial television broadcast station that substantially duplicates the signal of another local commercial television broadcast station which is secondarily transmitted by the satellite carrier within the same local market, or to carry upon request the signals of more than one local commercial television broadcast station in a single local market that is affiliated with a particular television network unless such stations are licensed to communities in different States.

“(2) NONCOMMERCIAL STATIONS.—The Commission shall prescribe regulations limiting the carriage requirements under subsection (a) of satellite carriers with respect to the carriage of multiple local noncommercial television broadcast stations. To the extent possible, such regulations shall provide the same degree of carriage by satellite carriers of such multiple stations as is provided by cable systems under section 615.

“(d) CHANNEL POSITIONING.—No satellite carrier shall be required to provide the signal of a local television broadcast station to subscribers in that station’s local market on any particular channel number or to provide the signals in any particular order, except that the satellite carrier shall retransmit the signal of the local television broadcast stations to subscribers in the stations’ local market on contiguous channels and provide access to such station’s signals at a nondiscriminatory price and in a nondiscriminatory manner on any navigational device, on-screen program guide, or menu.

“(e) COMPENSATION FOR CARRIAGE.—A satellite carrier shall not accept or request monetary payment or other valuable consideration in exchange either for carriage of local television broadcast stations in fulfillment of the requirements of this section or for

channel positioning rights provided to such stations under this section, except that any such station may be required to bear the costs associated with delivering a good quality signal to the local receive facility of the satellite carrier.

“(f) REMEDIES.—

“(1) COMPLAINTS BY BROADCAST STATIONS.—Whenever a local television broadcast station believes that a satellite carrier has failed to meet its obligations under subsections (b) through (e) of this section, such station shall notify the carrier, in writing, of the alleged failure and identify its reasons for believing that the satellite carrier failed to comply with such obligations. The satellite carrier shall, within 30 days after such written notification, respond in writing to such notification and comply with such obligations or state its reasons for believing that it is in compliance with such obligations. A local television broadcast station that disputes a response by a satellite carrier that it is in compliance with such obligations may obtain review of such denial or response by filing a complaint with the Commission. Such complaint shall allege the manner in which such satellite carrier has failed to meet its obligations and the basis for such allegations.

“(2) OPPORTUNITY TO RESPOND.—The Commission shall afford the satellite carrier against which a complaint is filed under paragraph (1) an opportunity to present data and arguments to establish that there has been no failure to meet its obligations under this section.

“(3) REMEDIAL ACTIONS; DISMISSAL.—Within 120 days after the date a complaint is filed under paragraph (1), the Commission shall determine whether the satellite carrier has met its obligations under subsections (b) through (e). If the Commission determines that the satellite carrier has failed to meet such obligations, the Commission shall order the satellite carrier to take appropriate remedial action. If the Commission determines that the satellite carrier has fully met the requirements of such subsections, the Commission shall dismiss the complaint.

“(g) REGULATIONS BY COMMISSION.—Within 1 year after the date of the enactment of this section, the Commission shall issue regulations implementing this section following a rulemaking proceeding. The regulations prescribed under this section shall include requirements on satellite carriers that are comparable to the requirements on cable operators under sections 614(b) (3) and (4) and 615(g) (1) and (2).

“(a) PROVISIONS RELATING TO CARRIAGE OF DISTANT SIGNALS.—

“(1) CARRIAGE PERMITTED.—

“(A) IN GENERAL.—Subject to section 119 of title 17, United States Code, any satellite carrier shall be permitted to provide the signals of no more than two network stations in a single day for each television network to any household not located within the local markets of those network stations.

“(B) ADDITIONAL SERVICE.—In addition to signals provided under subparagraph (A), any satellite carrier may also provide service under the statutory license of section 122 of title 17, United States Code, to the local market within which such household is located. The service provided under section 122 of such title may be in addition to the two signals provided under section 119 of such title.

“(2) PENALTY FOR VIOLATION.—Any satellite carrier that knowingly and willfully provides the signals of television stations to subscribers in violation of this subsection shall be liable for a forfeiture penalty under section 503 in the amount of \$50,000 for each violation or each day of a continuing violation.

“(b) EXTENSION OF NETWORK NONDUPLICATION, SYNDICATED EXCLUSIVITY, AND SPORTS BLACKOUT TO SATELLITE RETRANSMISSION.—

“(1) EXTENSION OF PROTECTIONS.—Within 45 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall commence a single rulemaking proceeding to establish regulations that—

“(A) apply network nonduplication protection (47 CFR 76.92) syndicated exclusivity protection (47 CFR 76.151), and sports blackout protection (47 CFR 76.67) to the retransmission of the signals of nationally distributed superstations by satellite carriers to subscribers; and

“(B) to the extent technically feasible and not economically prohibitive, apply sports blackout protection (47 CFR 76.67) to the retransmission of the signals of network stations by satellite carriers to subscribers.

“(2) DEADLINE FOR ACTION.—The Commission shall complete all actions necessary to prescribe regulations required by this section so that the regulations shall become effective within 1 year after such date of enactment.

“(c) ELIGIBILITY FOR RETRANSMISSION.—

“(1) SIGNAL STANDARD FOR SATELLITE CARRIER PURPOSES.—

For the purposes of identifying an unserved household under section 119(d)(10) of title 17, United States Code, within 1 year after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall conclude an inquiry to evaluate all possible standards and factors for determining eligibility for retransmissions of the signals of network stations, and, if appropriate—

“(A) recommend modifications to the Grade B intensity standard for analog signals set forth in section 73.683(a) of its regulations (47 CFR 73.683(a)), or recommend alternative standards or factors for purposes of determining such eligibility; and

“(B) make a further recommendation relating to an appropriate standard for digital signals.

“(2) WAIVERS.—A subscriber who is denied the retransmission of a signal of a network station under section 119 of title 17, United States Code, may request a waiver from such denial by submitting a request, through such subscriber’s satellite carrier, to the network station asserting that the retransmission is prohibited. The network station shall accept or reject a subscriber’s request for a waiver within 30 days after receipt of the request. The subscriber shall be permitted to receive such retransmission under section 119(d)(10)(B) of title 17, United States Code, if such station agrees to the waiver request and files with the satellite carrier a written waiver with respect to that subscriber allowing the subscriber to receive such retransmission. If a television network station fails to accept or reject a subscriber’s request for a waiver within the 30-day period after receipt of the request, that station shall be deemed to agree to the waiver request and have filed such written waiver.

“(3) ESTABLISHMENT OF IMPROVED PREDICTIVE MODEL REQUIRED.—Within 180 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall take all actions necessary, including any reconsideration, to develop and prescribe by rule a point-to-point predictive model for reliably and presumptively determining the ability of individual locations to receive signals in accordance with the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code. In prescribing such model, the Commission shall rely on the Individual Location Longley-Rice model set forth by the Federal Communications Commission in Docket No. 98-201 and ensure that such model takes into account terrain, building structures, and other land cover variations. The Commission shall establish procedures for the continued refinement in the application of the model by the use of additional data as it becomes available.

“(4) OBJECTIVE VERIFICATION.—

“(A) IN GENERAL.—If a subscriber’s request for a waiver under paragraph (2) is rejected and the subscriber submits to the subscriber’s satellite carrier a request for a test verifying the subscriber’s inability to receive a signal that meets the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code, the satellite carrier and the network station or stations asserting that

the retransmission is prohibited with respect to that subscriber shall select a qualified and independent person to conduct a test in accordance with section 73.686(d) of its regulations (47 CFR 73.686(d)), or any successor regulation. Such test shall be conducted within 30 days after the date the subscriber submits a request for the test. If the written findings and conclusions of a test conducted in accordance with such section (or any successor regulation) demonstrate that the subscriber does not receive a signal that meets or exceeds the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code, the subscriber shall not be denied the retransmission of a signal of a network station under section 119 of title 17, United States Code.

“(B) DESIGNATION OF TESTER AND ALLOCATION OF COSTS.—If the satellite carrier and the network station or stations asserting that the retransmission is prohibited are unable to agree on such a person to conduct the test, the person shall be designated by an independent and neutral entity designated by the Commission by rule. Unless the satellite carrier and the network station or stations otherwise agree, the costs of conducting the test under this paragraph shall be borne by the satellite carrier, if the station’s signal meets or exceeds the signal intensity standard in effect under section 119(d)(10)(A) of title 17, United States Code, or by the network station, if its signal fails to meet or exceed such standard.

“(C) AVOIDANCE OF UNDUE BURDEN.—Commission regulations prescribed under this paragraph shall seek to avoid any undue burden on any party.

“(d) DEFINITIONS.—For the purposes of this section:

“(1) LOCAL MARKET.—The term ‘local market’ has the meaning given that term under section 122(j) of title 17, United States Code.

“(2) NATIONALLY DISTRIBUTED SUPERSTATION.—The term ‘nationally distributed superstation’ means a television broadcast station, licensed by the Commission, that—

“(A) is not owned or operated by or affiliated with a television network that, as of January 1, 1995, offered interconnected program service on a regular basis for 15 or more hours per week to at least 25 affiliated television licensees in 10 or more States;

“(B) on May 1, 1991, was retransmitted by a satellite carrier and was not a network station at that time; and

“(C) was, as of July 1, 1998, retransmitted by a satellite carrier under the statutory license of section 119 of title 17, United States Code.

“(3) NETWORK STATION.—The term ‘network station’ has the meaning given such term under section 119(d) of title 17, United States Code.

(a) IN GENERAL.—Section 325(b) of the Communications Act of 1934 (47 U.S.C. 325(b)) is amended—

(1) by amending paragraphs (1) and (2) to read as follows:

“(b)(1) No cable system or other multichannel video programming distributor shall retransmit the signal of a broadcasting station, or any part thereof, except—

“(A) with the express authority of the originating station;

“(B) under section 614, in the case of a station electing, in accordance with this subsection, to assert the right to carriage under such section; or

“(C) under section 338, in the case of a station electing, in accordance with this subsection, to assert the right to carriage under such section.

“(2) This subsection shall not apply—

“(A) to retransmission of the signal of a noncommercial television broadcast station;

“(ii) resides in an unserved household;

“(D) to retransmission by a cable operator or other multichannel video provider, other than a satellite carrier, of the signal of a television broadcast station outside the station’s local market if such signal was obtained from a satellite carrier and—

“(i) the originating station was a superstation on May 1, 1991; and

“(ii) as of July 1, 1998, such station was retransmitted by a satellite carrier under the statutory license of section 119 of title 17, United States Code; or

“(E) during the 6-month period beginning on the date of the enactment of the Satellite Home Viewer Improvement Act

of 1999, to the retransmission of the signal of a television broadcast station within the station's local market by a satellite carrier directly to its subscribers under the statutory license of section 122 of title 17, United States Code.

For purposes of this paragraph, the terms 'satellite carrier' and 'superstation' have the meanings given those terms, respectively, in section 119(d) of title 17, United States Code, as in effect on the date of the enactment of the Cable Television Consumer Protection and Competition Act of 1992, the term 'unserved household' has the meaning given that term under section 119(d) of such title, and the term 'local market' has the meaning given that term in section 122(j) of such title.”;

The Commission shall complete all actions necessary to prescribe such regulations within 1 year after such date of enactment. Such regulations shall—

“(i) establish election time periods that correspond with those regulations adopted under subparagraph (B) of this paragraph; and

“(ii) until January 1, 2006, prohibit a television broadcast station that provides retransmission consent from engaging in exclusive contracts for carriage or failing to negotiate in good faith, and it shall not be a failure to negotiate in good faith if the television broadcast station enters into retransmission consent agreements containing different terms and conditions, including price terms, with different multichannel video programming distributors if such different terms and conditions are based on competitive marketplace considerations.”;

(3) in paragraph (4), by adding at the end the following new sentence: “If an originating television station elects under paragraph (3)(C) to exercise its right to grant retransmission consent under this subsection with respect to a satellite carrier, section 338 shall not apply to the carriage of the signal of such station by such satellite carrier.”;

(b) ENFORCEMENT PROVISIONS FOR CONSENT FOR RETRANSMISSIONS.—Section 325 of the Communications Act of 1934 (47

U.S.C. 325) is amended by adding at the end the following new subsection:

“(e) ENFORCEMENT PROCEEDINGS AGAINST SATELLITE CARRIERS CONCERNING RETRANSMISSIONS OF TELEVISION BROADCAST STATIONS IN THE RESPECTIVE LOCAL MARKETS OF SUCH CARRIERS.—

“(1) COMPLAINTS BY TELEVISION BROADCAST STATIONS.—If after the expiration of the 6-month period described under subsection (b)(2)(E) a television broadcast station believes that a satellite carrier has retransmitted its signal to any person in the local market of such station in violation of subsection (b)(1), the station may file with the Commission a complaint providing—

“(A) the name, address, and call letters of the station;

“(B) the name and address of the satellite carrier;

“(C) the dates on which the alleged retransmission occurred;

“(D) the street address of at least one person in the local market of the station to whom the alleged retransmission was made;

“(E) a statement that the retransmission was not expressly authorized by the television broadcast station; and

“(F) the name and address of counsel for the station.

“(2) SERVICE OF COMPLAINTS ON SATELLITE CARRIERS.—For purposes of any proceeding under this subsection, any satellite carrier that retransmits the signal of any broadcast station shall be deemed to designate the Secretary of the Commission as its agent for service of process. A television broadcast station may serve a satellite carrier with a complaint concerning an alleged violation of subsection (b)(1) through retransmission of a station within the local market of such station by filing the original and two copies of the complaint with the Secretary of the Commission and serving a copy of the complaint on the satellite carrier by means of two commonly used overnight delivery services, each addressed to the chief executive officer of the satellite carrier at its principal place of business, and each marked ‘URGENT LITIGATION MATTER’ on the outer packaging. Service shall be deemed complete one business day after a copy of the complaint is provided to the delivery services for overnight delivery. On receipt of a complaint filed by a television broadcast station under this subsection, the Secretary of the Commission shall send the original complaint by United States mail, postage prepaid, receipt requested, addressed to the chief executive officer of the satellite carrier at its principal place of business.

“(3) ANSWERS BY SATELLITE CARRIERS.—Within five business days after the date of service, the satellite carrier shall file an answer with the Commission and shall serve the answer by a commonly used overnight delivery service and by United States mail, on the counsel designated in the complaint at the address listed for such counsel in the complaint.

“(4) DEFENSES.—

“(A) EXCLUSIVE DEFENSES.—The defenses under this paragraph are the exclusive defenses available to a satellite carrier against which a complaint under this subsection is filed.

“(B) DEFENSES.—The defenses referred to under subparagraph (A) are the defenses that—

“(i) the satellite carrier did not retransmit the television broadcast station to any person in the local market of the station during the time period specified in the complaint;

“(ii) the television broadcast station had, in a writing signed by an officer of the television broadcast station, expressly authorized the retransmission of the station by the satellite carrier to each person in the local market of the television broadcast station to which the satellite carrier made such retransmissions for the entire time period during which it is alleged that a violation of subsection (b)(1) has occurred;

“(iii) the retransmission was made after January 1, 2002, and the television broadcast station had elected to assert the right to carriage under section 338 as against the satellite carrier for the relevant period; or

“(iv) the station being retransmitted is a non-commercial television broadcast station.

“(5) COUNTING OF VIOLATIONS.—The retransmission without consent of a particular television broadcast station on a particular day to one or more persons in the local market of the station shall be considered a separate violation of subsection (b)(1).

“(6) BURDEN OF PROOF.—With respect to each alleged violation, the burden of proof shall be on a television broadcast station to establish that the satellite carrier retransmitted the station to at least one person in the local market of the station on the day in question. The burden of proof shall be on the satellite carrier with respect to all defenses other than the defense under paragraph (4)(B)(i).

“(7) PROCEDURES.—

“(A) REGULATIONS.—Within 60 days after the date of the enactment of the Satellite Home Viewer Improvement Act of 1999, the Commission shall issue procedural regulations implementing this subsection which shall supersede procedures under section 312.

“(B) DETERMINATIONS.—

“(i) IN GENERAL.—Within 45 days after the filing of a complaint, the Commission shall issue a final determination in any proceeding brought under this subsection. The Commission’s final determination shall specify the number of violations committed by the satellite carrier. The Commission shall hear witnesses only if it clearly appears, based on written filings by the parties, that there is a genuine dispute about material facts. Except as provided in the preceding sentence, the Commission may issue a final ruling based on written filings by the parties.

“(ii) DISCOVERY.—The Commission may direct the parties to exchange pertinent documents, and if necessary to take prehearing depositions, on such schedule as the Commission may approve, but only if the Commission first determines that such discovery is necessary to resolve a genuine dispute about material

facts, consistent with the obligation to make a final determination within 45 days.

“(8) RELIEF.—If the Commission determines that a satellite carrier has retransmitted the television broadcast station to at least one person in the local market of such station and has failed to meet its burden of proving one of the defenses under paragraph (4) with respect to such retransmission, the Commission shall be required to—

“(A) make a finding that the satellite carrier violated subsection (b)(1) with respect to that station; and

“(B) issue an order, within 45 days after the filing of the complaint, containing—

“(i) a cease-and-desist order directing the satellite carrier immediately to stop making any further retransmissions of the television broadcast station to any person within the local market of such station until such time as the Commission determines that the satellite carrier is in compliance with subsection (b)(1) with respect to such station;

“(ii) if the satellite carrier is found to have violated subsection (b)(1) with respect to more than two television broadcast stations, a cease-and-desist order directing the satellite carrier to stop making any further retransmission of any television broadcast station to any person within the local market of such station, until such time as the Commission, after giving notice to the station, that the satellite carrier is in compliance with subsection (b)(1) with respect to such stations; and

“(iii) an award to the complainant of that complainant’s costs and reasonable attorney’s fees.

“(9) COURT PROCEEDINGS ON ENFORCEMENT OF COMMISSION ORDER.—

“(A) IN GENERAL.—On entry by the Commission of a final order granting relief under this subsection—

“(i) a television broadcast station may apply within 30 days after such entry to the United States District Court for the Eastern District of Virginia for a final judgment enforcing all relief granted by the Commission; and

“(ii) the satellite carrier may apply within 30 days after such entry to the United States District Court for the Eastern District of Virginia for a judgment reversing the Commission’s order.

“(B) APPEAL.—The procedure for an appeal under this paragraph by the satellite carrier shall supersede any other appeal rights under Federal or State law. A United States district court shall be deemed to have personal jurisdiction over the satellite carrier if the carrier, or a company under common control with the satellite carrier, has delivered television programming by satellite to more than 30 customers in that district during the preceding 4-year period. If the United States District Court for the Eastern District of Virginia does not have personal jurisdiction over the satellite carrier, an enforcement action or appeal shall be brought in the United States District Court for the District of Columbia, which may find personal jurisdiction based

on the satellite carrier's ownership of licenses issued by the Commission. An application by a television broadcast station for an order enforcing any cease-and-desist relief granted by the Commission shall be resolved on a highly expedited schedule. No discovery may be conducted by the parties in any such proceeding. The district court shall enforce the Commission order unless the Commission record reflects manifest error and an abuse of discretion by the Commission.

“(10) CIVIL ACTION FOR STATUTORY DAMAGES.—Within 6 months after issuance of an order by the Commission under this subsection, a television broadcast station may file a civil action in any United States district court that has personal jurisdiction over the satellite carrier for an award of statutory damages for any violation that the Commission has determined to have been committed by a satellite carrier under this subsection. Such action shall not be subject to transfer under section 1404(a) of title 28, United States Code. On finding that the satellite carrier has committed one or more violations of subsection (b), the District Court shall be required to award the television broadcast station statutory damages of \$25,000 per violation, in accordance with paragraph (5), and the costs and attorney's fees incurred by the station. Such statutory damages shall be awarded only if the television broadcast station has filed a binding stipulation with the court that such station will donate the full amount in excess of \$1,000 of any statutory damage award to the United States Treasury for public purposes. Notwithstanding any other provision of law, a station shall incur no tax liability of any kind with respect to any amounts so donated. Discovery may be conducted by the parties in any proceeding under this paragraph only if and to the extent necessary to resolve a genuinely disputed issue of fact concerning one of the defenses under paragraph (4). In any such action, the defenses under paragraph (4) shall be exclusive, and the burden of proof shall be on the satellite carrier with respect to all defenses other than the defense under paragraph (4)(B)(i). A judgment under this paragraph may be enforced in any manner permissible under Federal or State law.

“(11) APPEALS.—

“(A) IN GENERAL.—The nonprevailing party before a United States district court may appeal a decision under this subsection to the United States Court of Appeals with jurisdiction over that district court. The Court of Appeals shall not issue any stay of the effectiveness of any decision granting relief against a satellite carrier unless the carrier presents clear and convincing evidence that it is highly likely to prevail on appeal and only after posting a bond for the full amount of any monetary award assessed against it and for such further amount as the Court of Appeals may believe appropriate.

“(B) APPEAL.—If the Commission denies relief in response to a complaint filed by a television broadcast station under this subsection, the television broadcast station filing the complaint may file an appeal with the United States Court of Appeals for the District of Columbia Circuit.

“(12) SUNSET.—No complaint or civil action may be filed under this subsection after December 31, 2001. This subsection shall continue to apply to any complaint or civil action filed on or before such date.”.

(B) EXCEPTION.—A person who in good faith registers a domain name consisting of the name of another living person, or a name substantially and confusingly similar thereto, shall not be liable under this paragraph if such name is used in, affiliated with, or related to a work of authorship protected under title 17, United States Code, including a work made for hire as defined in section 101 of title 17, United States Code, and if the person registering the domain name is the copyright owner or licensee of the work, the person intends to sell the domain name in conjunction with the lawful exploitation of the work, and such registration is not prohibited by a contract between the registrant and the named person. The exception under this subparagraph shall apply only to a civil action brought under paragraph (1) and shall in no manner limit the protections afforded under the Trademark Act of 1946 (15 U.S.C. 1051 et seq.) or other provision of Federal or State law.

“(2) in the case of activities performed by a nonprofit research laboratory, or nonprofit entity such as a university, research center, or hospital, a use for which the public is the intended beneficiary shall be considered to be a use described in paragraph (1), except that the use—

“(B) may not be asserted as a defense with respect to any subsequent commercialization or use outside such laboratory or nonprofit entity;

“(3) the term ‘method’ means a method of doing or conducting business; and

“(4) the ‘effective filing date’ of a patent is the earlier of the actual filing date of the application for the patent or the filing date of any earlier United States, foreign, or international application to which the subject matter at issue is entitled under section 119, 120, or 365 of this title.

“(b) DEFENSE TO INFRINGEMENT.—

“(1) IN GENERAL.—It shall be a defense to an action for infringement under section 271 of this title with respect to any subject matter that would otherwise infringe one or more claims for a method in the patent being asserted against a person, if such person had, acting in good faith, actually reduced the subject matter to practice at least 1 year before the effective filing date of such patent, and commercially used the subject matter before the effective filing date of such patent.

“(2) EXHAUSTION OF RIGHT.—The sale or other disposition of a useful end product produced by a patented method, by a person entitled to assert a defense under this section with respect to that useful end result shall exhaust the patent owner’s rights under the patent to the extent such rights would have been exhausted had such sale or other disposition been made by the patent owner.

“(3) LIMITATIONS AND QUALIFICATIONS OF DEFENSE.—The defense to infringement under this section is subject to the following:

“(A) PATENT.—A person may not assert the defense under this section unless the invention for which the defense is asserted is for a method.

“(B) DERIVATION.—A person may not assert the defense under this section if the subject matter on which the defense is based was derived from the patentee or persons in privity with the patentee.

“(C) NOT A GENERAL LICENSE.—The defense asserted by a person under this section is not a general license under all claims of the patent at issue, but extends only to the specific subject matter claimed in the patent with respect to which the person can assert a defense under this chapter, except that the defense shall also extend to variations in the quantity or volume of use of the claimed subject matter, and to improvements in the claimed subject matter that do not infringe additional specifically claimed subject matter of the patent.

“(6) **PERSONAL DEFENSE.**—The defense under this section may be asserted only by the person who performed the acts necessary to establish the defense and, except for any transfer to the patent owner, the right to assert the defense shall not be licensed or assigned or transferred to another person except as an ancillary and subordinate part of a good faith assignment or transfer for other reasons of the entire enterprise or line of business to which the defense relates.

“(7) **LIMITATION ON SITES.**—A defense under this section, when acquired as part of a good faith assignment or transfer of an entire enterprise or line of business to which the defense relates, may only be asserted for uses at sites where the subject matter that would otherwise infringe one or more of the claims is in use before the later of the effective filing date of the patent or the date of the assignment or transfer of such enterprise or line of business.

“(8) **UNSUCCESSFUL ASSERTION OF DEFENSE.**—If the defense under this section is pleaded by a person who is found to infringe the patent and who subsequently fails to demonstrate a reasonable basis for asserting the defense, the court shall find the case exceptional for the purpose of awarding attorney fees under section 285 of this title.

“(9) **INVALIDITY.**—A patent shall not be deemed to be invalid under section 102 or 103 of this title solely because a defense is raised or established under this section.”.

A failure of the applicant to provide such notice within the prescribed period shall result in the application being regarded as abandoned, unless it is shown to the satisfaction of the Director that the delay in submitting the notice was unintentional.

“(3) The Director may require a certified copy of the original foreign application, specification, and drawings upon which it is based, a translation if not in the English language, and such other information as the Director considers necessary. “(c) CIVIL ACTION.—A third-party requester whose request for an inter partes reexamination results in an order under section 313 is estopped from asserting at a later time, in any civil action arising in whole or in part under section 1338 of title 28, United States Code, the invalidity of any claim finally determined to be valid and patentable on any ground which the third-party requester raised or could have raised during the inter partes reexamination proceedings. This subsection does not prevent the assertion of invalidity based on newly discovered prior art unavailable to the third-party requester and the Patent and Trademark Office at the time of the inter partes reexamination proceedings.

#### **“§ 316. Certificate of patentability, unpatentability, and claim cancellation**

“(a) IN GENERAL.—In an inter partes reexamination proceeding under this chapter, when the time for appeal has expired or any appeal proceeding has terminated, the Director shall issue and publish a certificate canceling any claim of the patent finally determined to be unpatentable, confirming any claim of the patent determined to be patentable, and incorporating in the patent any proposed amended or new claim determined to be patentable.

“(b) AMENDED OR NEW CLAIM.—Any proposed amended or new claim determined to be patentable and incorporated into a patent following an inter partes reexamination proceeding shall have the same effect as that specified in section 252 of this title for reissued patents on the right of any person who made, purchased, or used within the United States, or imported into the United States, anything patented by such proposed amended or new claim, or who made substantial preparation therefor, prior to issuance of a certificate under the provisions of subsection (a) of this section.

**“§ 317. Inter partes reexamination prohibited**

“(b) FINAL DECISION.—Once a final decision has been entered against a party in a civil action arising in whole or in part under section 1338 of title 28, United States Code, that the party has not sustained its burden of proving the invalidity of any patent claim in suit or if a final decision in an inter partes reexamination proceeding instituted by a third-party requester is favorable to the patentability of any original or proposed amended or new claim of the patent, then neither that party nor its privies may thereafter request an inter partes reexamination of any such patent claim on the basis of issues which that party or its privies raised or could have raised in such civil action or inter partes reexamination proceeding, and an inter partes reexamination requested by that party or its privies on the basis of such issues may not thereafter be maintained by the Office, notwithstanding any other provision of this chapter. This subsection does not prevent the assertion of invalidity based on newly discovered prior art unavailable to the third-party requester and the Patent and Trademark Office at the time of the inter partes reexamination proceedings.

**“§ 318. Stay of litigation**

“Once an order for inter partes reexamination of a patent has been issued under section 313, the patent owner may obtain a stay of any pending litigation which involves an issue of patentability of any claims of the patent which are the subject of the inter partes reexamination order, unless the court before which such litigation is pending determines that a stay would not serve the interests of justice.”

#### **SEC. 5008. LOW-POWER TELEVISION.**

(a) SHORT TITLE.—This section may be cited as the “Community Broadcasters Protection Act of 1999”.

(b) FINDINGS.—Congress finds the following:

(1) Since the creation of low-power television licenses by the Federal Communications Commission, a small number of license holders have operated their stations in a manner beneficial to the public good providing broadcasting to their communities that would not otherwise be available.

(2) These low-power broadcasters have operated their stations in a manner consistent with the programming objectives and hours of operation of full-power broadcasters providing worthwhile services to their respective communities while under severe license limitations compared to their full-power counterparts.

(3) License limitations, particularly the temporary nature of the license, have blocked many low-power broadcasters from having access to capital, and have severely hampered their ability to continue to provide quality broadcasting, programming, or improvements.

(4) The passage of the Telecommunications Act of 1996 has added to the uncertainty of the future status of these stations by the lack of specific provisions regarding the permanency of their licenses, or their treatment during the transition to high definition, digital television.

(5) It is in the public interest to promote diversity in television programming such as that currently provided by low-power television stations to foreign-language communities.

(c) PRESERVATION OF LOW-POWER COMMUNITY TELEVISION BROADCASTING.—Section 336 of the Communications Act of 1934 (47 U.S.C. 336) is amended—

(1) by redesignating subsections (f) and (g) as subsections (g) and (h), respectively; and

(2) by inserting after subsection (e) the following new subsection:

“(f) PRESERVATION OF LOW-POWER COMMUNITY TELEVISION BROADCASTING.—

“(1) CREATION OF CLASS A LICENSES.—

“(A) RULEMAKING REQUIRED.—Within 120 days after the date of the enactment of the Community Broadcasters Protection Act of 1999, the Commission shall prescribe regulations to establish a class A television license to be available to licensees of qualifying low-power television stations. Such regulations shall provide that—

“(i) the license shall be subject to the same license terms and renewal standards as the licenses for full-power television stations except as provided in this subsection; and

“(ii) each such class A licensee shall be accorded primary status as a television broadcaster as long as the station continues to meet the requirements for a qualifying low-power station in paragraph (2).

“(B) NOTICE TO AND CERTIFICATION BY LICENSEES.—Within 30 days after the date of the enactment of the Community Broadcasters Protection Act of 1999, the Commission shall send a notice to the licensees of all low-power television licenses that describes the requirements for class A designation. Within 60 days after such date of enactment, licensees intending to seek class A designation shall submit to the Commission a certification of eligibility based on the qualification requirements of this subsection. Absent a material deficiency, the Commission shall grant certification of eligibility to apply for class A status.

“(C) APPLICATION FOR AND AWARD OF LICENSES.—Consistent with the requirements set forth in paragraph (2)(A)

of this subsection, a licensee may submit an application for class A designation under this paragraph within 30 days after final regulations are adopted under subparagraph (A) of this paragraph. Except as provided in paragraphs (6) and (7), the Commission shall, within 30 days after receipt of an application of a licensee of a qualifying low-power television station that is acceptable for filing, award such a class A television station license to such licensee.

“(D) RESOLUTION OF TECHNICAL PROBLEMS.—The Commission shall act to preserve the service areas of low-power television licensees pending the final resolution of a class A application. If, after granting certification of eligibility for a class A license, technical problems arise requiring an engineering solution to a full-power station’s allotted parameters or channel assignment in the digital television Table of Allotments, the Commission shall make such modifications as necessary—

“(i) to ensure replication of the full-power digital television applicant’s service area, as provided for in sections 73.622 and 73.623 of the Commission’s regulations (47 CFR 73.622, 73.623); and

“(ii) to permit maximization of a full-power digital television applicant’s service area consistent with such sections 73.622 and 73.623,

if such applicant has filed an application for maximization or a notice of its intent to seek such maximization by December 31, 1999, and filed a bona fide application for maximization by May 1, 2000. Any such applicant shall comply with all applicable Commission rules regarding the construction of digital television facilities.

“(E) CHANGE APPLICATIONS.—If a station that is awarded a construction permit to maximize or significantly enhance its digital television service area, later files a change application to reduce its digital television service area, the protected contour of that station shall be reduced in accordance with such change modification.

“(2) QUALIFYING LOW-POWER TELEVISION STATIONS.—For purposes of this subsection, a station is a qualifying low-power television station if—

“(A)(i) during the 90 days preceding the date of the enactment of the Community Broadcasters Protection Act of 1999—

“(I) such station broadcast a minimum of 18 hours per day;

“(II) such station broadcast an average of at least 3 hours per week of programming that was produced within the market area served by such station, or the market area served by a group of commonly controlled low-power stations that carry common local programming produced within the market area served by such group; and

“(III) such station was in compliance with the Commission’s requirements applicable to low-power television stations; and

“(ii) from and after the date of its application for a class A license, the station is in compliance with the

Commission's operating rules for full-power television stations; or

“(B) the Commission determines that the public interest, convenience, and necessity would be served by treating the station as a qualifying low-power television station for purposes of this section, or for other reasons determined by the Commission.

“(3) COMMON OWNERSHIP.—No low-power television station authorized as of the date of the enactment of the Community Broadcasters Protection Act of 1999 shall be disqualified for a class A license based on common ownership with any other medium of mass communication.

“(4) ISSUANCE OF LICENSES FOR ADVANCED TELEVISION SERVICES TO TELEVISION TRANSLATOR STATIONS AND QUALIFYING LOW-POWER TELEVISION STATIONS.—The Commission is not required to issue any additional license for advanced television services to the licensee of a class A television station under this subsection, or to any licensee of any television translator station, but shall accept a license application for such services proposing facilities that will not cause interference to the service area of any other broadcast facility applied for, protected, permitted, or authorized on the date of filing of the advanced television application. Such new license or the original license of the applicant shall be forfeited after the end of the digital television service transition period, as determined by the Commission. A licensee of a low-power television station or television translator station may, at the option of licensee, elect to convert to the provision of advanced television services on its analog channel, but shall not be required to convert to digital operation until the end of such transition period.

“(5) NO PREEMPTION OF SECTION 337.—Nothing in this subsection preempts or otherwise affects section 337 of this Act.

“(6) INTERIM QUALIFICATION.—

“(A) STATIONS OPERATING WITHIN CERTAIN BANDWIDTH.—The Commission may not grant a class A license to a low-power television station for operation between 698 and 806 megahertz, but the Commission shall provide to low-power television stations assigned to and temporarily operating in that bandwidth the opportunity to meet the qualification requirements for a class A license. If such a qualified applicant for a class A license is assigned a channel within the core spectrum (as such term is defined in MM Docket No. 87-286, February 17, 1998), the Commission shall issue a class A license simultaneously with the assignment of such channel.

“(B) CERTAIN CHANNELS OFF-LIMITS.—The Commission may not grant under this subsection a class A license to a low-power television station operating on a channel within the core spectrum that includes any of the 175 additional channels referenced in paragraph 45 of its February 23, 1998, Memorandum Opinion and Order on Reconsideration of the Sixth Report and Order (MM Docket No. 87-268). Within 18 months after the date of the enactment of the Community Broadcasters Protection Act of 1999, the Commission shall identify by channel, location, and applicable technical parameters those 175 channels.

“(7) NO INTERFERENCE REQUIREMENT.—The Commission may not grant a class A license, nor approve a modification of a class A license, unless the applicant or licensee shows that the class A station for which the license or modification is sought will not cause—

“(A) interference within—

“(i) the predicted Grade B contour (as of the date of the enactment of the Community Broadcasters Protection Act of 1999, or November 1, 1999, whichever is later, or as proposed in a change application filed on or before such date) of any television station transmitting in analog format; or

“(ii)(I) the digital television service areas provided in the DTV Table of Allotments; (II) the areas protected in the Commission’s digital television regulations (47 CFR 73.622 (e) and (f)); (III) the digital television service areas of stations subsequently granted by the Commission prior to the filing of a class A application; and (IV) stations seeking to maximize power under the Commission’s rules, if such station has complied with the notification requirements in paragraph (1)(D);

“(B) interference within the protected contour of any low-power television station or low-power television translator station that—

“(i) was licensed prior to the date on which the application for a class A license, or for the modification of such a license, was filed;

“(ii) was authorized by construction permit prior to such date; or

“(iii) had a pending application that was submitted prior to such date; or

“(C) interference within the protected contour of 80 miles from the geographic center of the areas listed in section 22.625(b)(1) or 90.303 of the Commission’s regulations (47 CFR 22.625(b)(1) and 90.303) for frequencies in—

“(i) the 470–512 megahertz band identified in section 22.621 or 90.303 of such regulations; or

“(ii) the 482–488 megahertz band in New York.

“(8) PRIORITY FOR DISPLACED LOW-POWER STATIONS.—Low-power stations that are displaced by an application filed under this section shall have priority over other low-power stations in the assignment of available channels.”.

**“(b) RECYCLABLE MATERIAL DEFINED.—**For purposes of this section, the term ‘recyclable material’ means scrap paper, scrap plastic, scrap glass, scrap textiles, scrap rubber (other than whole tires), scrap metal, or spent lead-acid, spent nickel-cadmium, and other spent batteries, as well as minor amounts of material incident to or adhering to the scrap material as a result of its normal and customary use prior to becoming scrap; except that such term shall not include—

“(1) The recyclable material met a commercial specification grade.

“(2) A market existed for the recyclable material.

“(3) A substantial portion of the recyclable material was made available for use as feedstock for the manufacture of a new saleable product.

For the purposes of this paragraph, a requirement to obtain a permit applicable to the handling, processing, reclamation, or other management activity associated with the recyclable materials shall be deemed to be a substantive provision.

“(d) TRANSACTIONS INVOLVING SCRAP METAL.—

“(1) Transactions involving scrap metal shall be deemed to be arranging for recycling if the person who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that at the time of the transaction—

“(A) the person met the criteria set forth in subsection (c) with respect to the scrap metal;

“(B) the person was in compliance with any applicable regulations or standards regarding the storage, transport, management, or other activities associated with the recycling of scrap metal that the Administrator promulgates under the Solid Waste Disposal Act subsequent to the enactment of this section and with regard to transactions occurring after the effective date of such regulations or standards; and

“(C) the person did not melt the scrap metal prior to the transaction.

“(2) For purposes of paragraph (1)(C), melting of scrap metal does not include the thermal separation of 2 or more

materials due to differences in their melting points (referred to as ‘sweating’).

“(3) For purposes of this subsection, the term ‘scrap metal’ means bits and pieces of metal parts (e.g., bars, turnings, rods, sheets, wire) or metal pieces that may be combined together with bolts or soldering (e.g., radiators, scrap automobiles, railroad box cars), which when worn or superfluous can be recycled, except for scrap metals that the Administrator excludes from this definition by regulation.

“(e) TRANSACTIONS INVOLVING BATTERIES.—Transactions involving spent lead-acid batteries, spent nickel-cadmium batteries, or other spent batteries shall be deemed to be arranging for recycling if the person who arranged for the transaction (by selling recyclable material or otherwise arranging for the recycling of recyclable material) can demonstrate by a preponderance of the evidence that at the time of the transaction—

“(1) the person met the criteria set forth in subsection (c) with respect to the spent lead-acid batteries, spent nickel-cadmium batteries, or other spent batteries, but the person did not recover the valuable components of such batteries; and

“(2)(A) with respect to transactions involving lead-acid batteries, the person was in compliance with applicable Federal environmental regulations or standards, and any amendments thereto, regarding the storage, transport, management, or other activities associated with the recycling of spent lead-acid batteries;

“(B) with respect to transactions involving nickel-cadmium batteries, Federal environmental regulations or standards are in effect regarding the storage, transport, management, or other activities associated with the recycling of spent nickel-cadmium batteries, and the person was in compliance with applicable regulations or standards or any amendments thereto; or

“(C) with respect to transactions involving other spent batteries, Federal environmental regulations or standards are in effect regarding the storage, transport, management, or other activities associated with the recycling of such batteries, and the person was in compliance with applicable regulations or standards or any amendments thereto.

“(f) EXCLUSIONS.—

“(1) The exemptions set forth in subsections (c), (d), and (e) shall not apply if—

“(A) the person had an objectively reasonable basis to believe at the time of the recycling transaction—

“(i) that the recyclable material would not be recycled;

“(ii) that the recyclable material would be burned as fuel, or for energy recovery or incineration; or

“(iii) for transactions occurring before 90 days after the date of the enactment of this section, that the consuming facility was not in compliance with a substantive (not procedural or administrative) provision of any Federal, State, or local environmental law or regulation, or compliance order or decree issued pursuant thereto, applicable to the handling, processing, reclamation, or other management activities associated with the recyclable material;

“(B) the person had reason to believe that hazardous substances had been added to the recyclable material for purposes other than processing for recycling; or

“(C) the person failed to exercise reasonable care with respect to the management and handling of the recyclable material (including adhering to customary industry practices current at the time of the recycling transaction designed to minimize, through source control, contamination of the recyclable material by hazardous substances).

“(2) For purposes of this subsection, an objectively reasonable basis for belief shall be determined using criteria that include (but are not limited to) the size of the person’s business, customary industry practices (including customary industry practices current at the time of the recycling transaction designed to minimize, through source control, contamination of the recyclable material by hazardous substances), the price paid in the recycling transaction, and the ability of the person to detect the nature of the consuming facility’s operations concerning its handling, processing, reclamation, or other management activities associated with the recyclable material.

“(3) For purposes of this subsection, a requirement to obtain a permit applicable to the handling, processing, reclamation, or other management activities associated with recyclable material shall be deemed to be a substantive provision.

“(g) EFFECT ON OTHER LIABILITY.—Nothing in this section shall be deemed to affect the liability of a person under paragraph (1) or (2) of section 107(a).

“(h) REGULATIONS.—The Administrator has the authority, under section 115, to promulgate additional regulations concerning this section.

“(i) EFFECT ON PENDING OR CONCLUDED ACTIONS.—The exemptions provided in this section shall not affect any concluded judicial or administrative action or any pending judicial action initiated by the United States prior to enactment of this section.

“(j) LIABILITY FOR ATTORNEY’S FEES FOR CERTAIN ACTIONS.—Any person who commences an action in contribution against a person who is not liable by operation of this section shall be liable to that person for all reasonable costs of defending that action, including all reasonable attorney’s and expert witness fees.

“(k) RELATIONSHIP TO LIABILITY UNDER OTHER LAWS.—Nothing in this section shall affect—

“(1) liability under any other Federal, State, or local statute or regulation promulgated pursuant to any such statute, including any requirements promulgated by the Administrator under the Solid Waste Disposal Act; or

“(2) the ability of the Administrator to promulgate regulations under any other statute, including the Solid Waste Disposal Act.

“(l) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to—

“(1) affect any defenses or liabilities of any person to whom subsection (a)(1) does not apply; or

“(2) create any presumption of liability against any person to whom subsection (a)(1) does not apply.”.

Star-Spangled  
Banner National

16 USC 1241  
note.

**SEC. 2. FINDINGS.**

Congress finds that—

(1) the British invasion of Maryland and Washington, District of Columbia, during the War of 1812 marks a defining period in the history of our Nation, the only occasion on which the United States of America has been invaded by a foreign power;

(2) the Star-Spangled Banner National Historic Trail traces the arrival of the British fleet in the Patuxent River in Calvert County and St. Mary’s County, Maryland, the landing of British forces at Benedict, the sinking of the Chesapeake Flotilla at Pig Point in Prince George’s County and Anne Arundel County, Maryland, the American defeat at the Battle of Bladensburg, the siege of the Nation’s Capital, Washington, District of Columbia (including the burning of the United States Capitol and the White House), the British naval diversions in the upper Chesapeake Bay leading to the Battle of Caulk’s Field in Kent County, Maryland, the route of the American troops from Washington through Georgetown, the Maryland Counties of Montgomery, Howard, and Baltimore, and the City of Baltimore, Maryland, to the Battle of North Point, and the ultimate victory of the Americans at Fort McHenry on September 14, 1814, where a distinguished Maryland lawyer and poet, Francis Scott Key, wrote the words that captured the essence of our national struggle for independence, words that now serve as our national anthem, the Star-Spangled Banner; and

(3) the designation of this route as a national historic trail—

(A) would serve as a reminder of the importance of the concept of liberty to all who experience the Star-Spangled Banner National Historic Trail; and

(B) would give long overdue recognition to the patriots whose determination to stand firm against enemy invasion and bombardment preserved this liberty for future generations of Americans.

**SEC. 3. DESIGNATION OF TRAIL FOR STUDY.**

Section 5(c) of the National Trails System Act (16 U.S.C. 1244(c)) is amended—

(1) by redesignating paragraph (36) (as added by section 3 of the El Camino Real Para Los Texas Study Act of 1993 (107 Stat. 1497)) as paragraph (37) and in subparagraph (C) by striking “detemine” and inserting “determine”;

(2) by designating the paragraphs relating to the Old Spanish Trail and the Great Western Scenic Trail as paragraphs (38) and (39), respectively; and

(3) by adding at the end the following:

“(40) STAR-SPANGLED BANNER NATIONAL HISTORIC TRAIL.—

“(A) IN GENERAL.—The Star-Spangled Banner National Historic Trail, tracing the War of 1812 route from the arrival of the British fleet in the Patuxent River in Calvert County and St. Mary’s County, Maryland, the landing of the British forces at Benedict, the sinking of the Chesapeake Flotilla at Pig Point, the American defeat at the Battle of Bladensburg, the siege of the Nation’s Capital, Washington, District of Columbia (including the burning of the United States Capitol and the White House), the British naval diversions in the upper Chesapeake Bay leading to the Battle of Caulk’s Field in Kent County, Maryland, the route of the American troops from Washington through Georgetown, the Maryland Counties of Montgomery, Howard, and Baltimore, and the City of Baltimore, Maryland, to the Battle of North Point, and the ultimate victory of the Americans at Fort McHenry on September 14, 1814.

“(B) AFFECTED AREAS.—The trail crosses eight counties within the boundaries of the State of Maryland, the City of Baltimore, Maryland, and Washington, District of Columbia.

“(C) COORDINATION WITH OTHER CONGRESSIONALLY MANDATED ACTIVITIES.—The study under this paragraph shall be undertaken in coordination with the study authorized under section 603 of the Omnibus Parks and Public Lands Management Act of 1996 (16 U.S.C. 1a–5 note; 110 Stat. 4172) and the Chesapeake Bay Gateways and Watertrails Network authorized under the Chesapeake Bay Initiative Act of 1998 (16 U.S.C. 461 note; 112 Stat. 2961). Such coordination shall extend to any research needed to complete the studies and any findings and implementation actions that result from the studies and shall use available resources to the greatest extent possible to avoid unnecessary duplication of effort.

“(D) DEADLINE FOR STUDY.—Not later than 2 years after funds are made available for the study under this paragraph, the study shall be completed and transmitted with final recommendations to the Committee on Resources in the House

of Representatives and the Committee on Energy and Natural Resources in the Senate.”.

An Act

Concerning the participation of Taiwan in the World Health Organization (WHO).

Dec. 7, 1999

[H.R. 1794]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. CONCERNING THE PARTICIPATION OF TAIWAN IN THE WORLD HEALTH ORGANIZATION (WHO).**

(a) FINDINGS.—The Congress makes the following findings:

(1) Good health is a basic right for every citizen of the world and access to the highest standards of health information and services is necessary to help guarantee this right.

(2) Direct and unobstructed participation in international health cooperation forums and programs is therefore crucial, especially with today's greater potential for the cross-border spread of various infectious diseases such as AIDS.

(3) The World Health Organization (WHO) set forth in the first chapter of its charter the objective of attaining the highest possible level of health for all people.

(4) In 1977, the World Health Organization established "Health For All By The Year 2000" as its overriding priority and reaffirmed that central vision with the initiation of its "Health For All" renewal process in 1995.

(5) Taiwan's population of 21,000,000 people is larger than that of three-fourths of the member states already in the World Health Organization.

(6) Taiwan's achievements in the field of health are substantial, including one of the highest life expectancy levels in Asia, maternal and infant mortality rates comparable to those of western countries, the eradication of such infectious diseases as cholera, smallpox, and the plague, and the first to be rid of polio and provide children with free hepatitis B vaccinations.

(7) The World Health Organization was unable to assist Taiwan with an outbreak of enterovirus 71 which killed 70 Taiwanese children and infected more than 1,100 Taiwanese children in 1998.

(8) In recent years Taiwan has expressed a willingness to assist financially or technically in WHO-supported international aid and health activities, but has ultimately been unable to render such assistance.

(9) The World Health Organization allows observers to participate in the activities of the organization.

(10) The United States, in the 1994 Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international organizations.

Deadline.

(11) In light of all of the benefits that Taiwan's participation in the World Health Organization could bring to the state of health not only in Taiwan, but also regionally and globally, Taiwan and its 21,000,000 people should have appropriate and meaningful participation in the World Health Organization.

(b) REPORT.—Not later than January 1, 2000, the Secretary of State shall submit a report to the Congress on the efforts of the Secretary to fulfill the commitment made in the 1994 Taiwan Policy Review to more actively support Taiwan's participation in international organizations, in particular the World Health Organization (WHO).

Approved December 7, 1999.

Public Law 106–138  
106th Congress

An Act

To provide for the conveyance of certain National Forest System lands in the State of South Dakota.

Dec. 7, 1999  
[H.R. 2079]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

Terry Peak Land  
Transfer Act of  
1999.

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Terry Peak Land Transfer Act of 1999”.

**SEC. 2. FINDINGS AND PURPOSES.**

(a) FINDINGS.—Congress finds the following:

(1) Certain National Forest System land located in the Black Hills National Forest in Lawrence County, South Dakota, is currently permitted to the Terry Peak Ski Area by the Secretary of Agriculture pursuant to section 3 of the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b).

(2) The National Forest System land comprises only 10 percent of the land at the Ski Area, with the remaining 90 percent located on private land owned by the Ski Area operator.

(3) As the fractional Forest Service land holding at the Ski Area is also encumbered by ski lifts, ski trails, a base lodge parking lot and other privately owned improvements, it serves little purpose in continued public ownership, and can more logically be conveyed to the Ski Area to unify land management and eliminate permitting and other administrative costs to the United States.

(4) The Ski Area is interested in acquiring the land from the United States, but the Secretary does not have administrative authority to convey such land in a nonsimultaneous land exchange absent specific authorization from Congress.

(5) The Black Hills National Forest contains several small inholdings of undeveloped private land with multiple landowners which complicate National Forest land management and which can be acquired by the United States from willing sellers if acquisition funds are made available to the Secretary.

(6) The proceeds from the Terry Peak conveyance can provide a modest, but readily available and flexible, funding source for the Secretary to acquire certain inholdings in the Black Hills National Forest from willing sellers, and given the small and scattered nature of such inholdings, and number of potential sellers involved, can do so more efficiently and quickly than through administrative land exchanges.

(7) It is, therefore, in the public interest to convey the National Forest System land at Terry Peak to the Ski Area

at fair market value and to utilize the proceeds to acquire more desirable lands for addition to the Black Hills National Forest for permanent public use and enjoyment.

(b) **PURPOSE.**—It is the purpose of this Act to require the conveyance of certain National Forest System lands at the Terry Peak Ski Area to the Ski Area and to utilize the proceeds to acquire more desirable lands for the United States for permanent public use and enjoyment.

### **SEC. 3. DEFINITIONS.**

As used in this Act:

(1) The term “Secretary” means the Secretary of Agriculture, unless otherwise specified.

(2) The term “selected land” means land comprising approximately 41.42 acres and generally depicted as Government lots 6 and 11, section 2, township 4 north, range 2 east, Black Hills meridian, on a map entitled “Terry Peak Land Conveyance”, dated March 1999.

(3) The terms “Terry Peak Ski Area” and “Ski Area” mean the Black Hills Chairlift Company, a South Dakota Corporation, or its successors, heirs and assigns.

### **SEC. 4. LAND CONVEYANCE AND MISCELLANEOUS PROVISIONS.**

(a) **CONVEYANCE REQUIRED.**—The Secretary of Agriculture shall convey the selected land to the Terry Peak Ski Area at fair market value, as determined by the Secretary.

(b) **APPRAISAL.**—The value of the selected land shall be determined by the Secretary utilizing nationally recognized appraisal standards, including to the extent appropriate, the Uniform Appraisal Standards For Federal Land Acquisitions (1992), the Uniform Standards of Professional Appraisal Practice, and other applicable law. The costs of the appraisal shall be paid for by the Ski Area.

Deadline.

(c) **COMPLETION OF CONVEYANCE.**—It is the sense of the Congress that the conveyance to the Ski Area required by this Act be consummated no later than 6 months after the date of the enactment of this Act, unless the Secretary and the Ski Area mutually agree to extend the consummation date. Prior to conveying the selected land to the Ski Area, the Secretary shall complete standard pre-disposal analyses and clearances pertaining to threatened and endangered species, cultural and historic resources, wetlands and floodplains, and hazardous materials.

(d) **USE OF PROCEEDS BY THE SECRETARY.**—All monies received by the Secretary pursuant to this Act shall be considered monies received and deposited pursuant to Public Law 90-171 (16 U.S.C. 484a; commonly known as the Sisk Act) and shall be utilized by the Secretary to acquire replacement land from willing sellers for addition to the Black Hills National Forest in South Dakota. Any lands so acquired shall be added to and administered as part of the Black Hills National Forest and, if any such land lies outside the exterior boundaries of the Forest, the Secretary may modify the boundary of the Forest to include such land. Nothing in this section shall be construed to limit the authority of the Secretary to adjust the boundaries of the Forest pursuant to section 11 of the Act of March 1, 1911 (16 U.S.C. 521; commonly known as the Weeks Act).

(e) **CONVEYANCE SUBJECT TO VALID EXISTING RIGHTS, EASEMENTS.**—The conveyance to the Ski Area required by this Act shall

be subject to valid existing rights and to existing easements, rights-of-way, utility lines and any other right, title or interest of record on the selected land as of the date of transfer of the selected land to the Terry Peak Ski Area.

Approved December 7, 1999.

Joint Resolution

Commending the World War II veterans who fought in the Battle of the Bulge,  
and for other purposes.

Dec. 7, 1999

[H.J. Res. 65]

Whereas the battle in the European theater of operations during World War II known as the Battle of the Bulge was fought from December 16, 1944, to January 25, 1945;

Whereas the Battle of the Bulge was a major German offensive in the Ardennes forest region of Belgium and Luxembourg which took Allied forces by surprise and was intended to split the Allied forces in Europe by breaking through the Allied lines, crippling the Allied fuel supply lines, and exacerbating tensions within the alliance;

Whereas 600,000 American troops, joined by 55,000 British soldiers and other Allied forces, participated in the Battle of the Bulge, overcoming numerous disadvantages in the early days of the battle that included fewer numbers, treacherous terrain, and bitter weather conditions;

Whereas the Battle of the Bulge resulted in 81,000 American and 1,400 British casualties, of whom approximately 19,000 American and 200 British soldiers were killed, with the remainder wounded, captured, or listed as missing in action;

Whereas the worst atrocity involving Americans in the European theater during World War II, known as the Malmedy Massacre, occurred on December 17, 1944, when 86 unarmed American prisoners of war were gunned down by elements of the German 1st SS Panzer Division;

Whereas American, British, and other Allied forces overcame great odds throughout the battle, including most famously the action of the 101st Airborne Division in holding back German forces at the key Belgian crossroads town of Bastogne, thereby preventing German forces from achieving their main objective of reaching Antwerp as well as the Meuse River line;

Whereas the success of American, British, and other Allied forces in defeating the German attack made possible the defeat of Nazi Germany 4 months later in April 1945;

Whereas thousands of United States veterans of the Battle of the Bulge have traveled to Belgium and Luxembourg in the years since the battle to honor their fallen comrades who died during the battle;

Whereas the peoples of Belgium and Luxembourg, symbolizing their friendship and gratitude toward the American soldiers who fought

to secure their freedom, have graciously hosted countless veterans groups over the years;

Whereas the City of Bastogne has an annual commemoration of the battle and its annual Nuts Fair has been expanded to include commemoration of the legendary one-word reply of “Nuts” by Brigadier General Anthony McAuliffe of the 101st Airborne Division when called upon by the opposing German commander at Bastogne to surrender his forces to much stronger German forces;

Whereas the Belgian people erected the Mardasson Monument to honor the Americans who fought in the Battle of the Bulge as well as to commemorate their sacrifices and service during World War II;

Whereas the 55th anniversary of the Battle of the Bulge in 1999 will be marked by many commemorative events by Americans, Belgians, and Luxembourgers; and

Whereas the friendship between the United States and both Belgium and Luxembourg is strong today in part because of the Battle of the Bulge: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That Congress—

(1) commends the veterans of the United States Army, the British Army, and military forces of other Allied nations who fought during World War II in the German Ardennes offensive known as the Battle of the Bulge;

(2) honors those who gave their lives during that battle;

(3) authorizes the President to issue a proclamation calling upon the people of the United States to honor the veterans of the Battle of the Bulge with appropriate programs, ceremonies, and activities; and

(4) calls upon the President to reaffirm the bonds of friendship between the United States and both Belgium and Luxembourg.

Dec. 7, 1999  
[S. 416]

To direct the Secretary of Agriculture to convey to the city of Sisters, Oregon, a certain parcel of land for use in connection with a sewage treatment facility.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. FINDINGS.**

Congress finds that—

(1) the city of Sisters, Oregon, faces a public health threat from a major outbreak of infectious diseases due to the lack of a sewer system;

(2) the lack of a sewer system also threatens groundwater and surface water resources in the area;

(3) the city is surrounded by Forest Service land and has no reasonable access to non-Federal parcels of land large enough, and with the proper soil conditions, for the development of a sewage treatment facility;

(4) the Forest Service currently must operate, maintain, and replace 11 separate septic systems to serve existing Forest Service facilities in the city of Sisters; and

(5) the Forest Service currently administers 77 acres of land within the city limits that would increase in value as a result of construction of a sewer system.

**SEC. 2. CONVEYANCE.**

Deadline.

(a) **IN GENERAL.**—As soon as practicable and upon completion of any documents or analysis required by any environmental law, but not later than 180 days after the date of enactment of this Act, the Secretary of Agriculture shall convey to the city of Sisters, Oregon (hereinafter referred to as the “city”) an amount of land that is not more than is reasonably necessary for a sewage treatment facility and for the disposal of treated effluent consistent with subsection (c).

(b) **LAND DESCRIPTION.**—The amount of land conveyed under subsection (a) shall be 160 acres or 240 acres from within—

(1) the SE quarter of section 09, township 15 south, range 10 west, W.M., Deschutes, Oregon, and the portion of the SW quarter of section 09, township 15 south, range 10 west, W.M., Deschutes, Oregon, that lies east of Three Creeks Lake Road, but not including the westernmost 500 feet of that portion; and

(2) the portion of the SW quarter of section 09, township 15 south, range 10 west, W.M., Deschutes County, Oregon, lying easterly of Three Creeks Lake Road.

(c) **CONDITION.**—

(1) IN GENERAL.—The conveyance under subsection (a) shall be made on the condition that the city—

(A) shall conduct a public process before the final determination is made regarding land use for the disposition of treated effluent;

(B) except as provided by paragraph (2), shall be responsible for system development charges, mainline construction costs, and equivalent dwelling unit monthly service fees as set forth in the agreement between the city and the Forest Service in the letter of understanding dated October 14, 1999; and

(C) shall pay the cost of preparation of any documents required by any environmental law in connection with the conveyance.

(2) ADJUSTMENT IN FEES.—

(A) VALUE HIGHER THAN ESTIMATED.—If the land to be conveyed pursuant to subsection (a) is appraised for a value that is 10 percent or more higher than the value estimated for such land in the agreement between the city and the Forest Service in the letter of understanding dated October 14, 1999, the city shall be responsible for additional charges, costs, fees, or other compensation so that the total amount of charges, costs, and fees for which the city is responsible under paragraph (1)(B) plus the value of the amount of charges, costs, fees, or other compensation due under this subparagraph is equal to such appraised value. The Secretary and the city shall agree upon the form of additional charges, costs, fees, or other compensation due under this subparagraph.

(B) VALUE LOWER THAN ESTIMATED.—If the land to be conveyed pursuant to subsection (a) is appraised for a value that is 10 percent or more lower than the value estimated for such land in the agreement between the city and the Forest Service in the letter of understanding dated October 14, 1999, the amount of equivalent dwelling unit monthly service fees for which the city shall be responsible under paragraph (1)(B) shall be reduced so that the total amount of charges, costs, and fees for which the city is responsible under that paragraph is equal to such appraised value.

(d) USE OF LAND.—

(1) IN GENERAL.—The land conveyed under subsection (a) shall be used by the city for a sewage treatment facility and for the disposal of treated effluent.

(2) OPTIONAL REVERTER.—If at any time the land conveyed under subsection (a) ceases to be used for a purpose described in paragraph (1), at the option of the United States, title to the land shall revert to the United States.

(e) AUTHORITY TO ACQUIRE LAND IN SUBSTITUTION.—Subject to the availability of appropriations, the Secretary shall acquire land within Oregon, and within or in the vicinity of the Deschutes National Forest, of an acreage equivalent to that of the land conveyed under subsection (a). Any lands acquired shall be added to and administered as part of the Deschutes National Forest.

Approved December 7, 1999.

Public Law 106–145  
106th Congress

An Act

To designate a portion of the Otay Mountain region of California as wilderness.

Dec. 9, 1999

[H.R. 15]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

Otay Mountain  
Wilderness Act of  
1999.

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Otay Mountain Wilderness Act of 1999”.

**SEC. 2. FINDINGS.**

The Congress finds and declares the following:

(1) The public lands within the Otay Mountain region of California are one of the last remaining pristine locations in western San Diego County, California.

(2) This rugged mountain adjacent to the United States-Mexico border is internationally known for its diversity of unique and sensitive plants.

(3) This area plays a critical role in San Diego’s multi-species conservation plan, a national model made for maintaining biodiversity.

(4) Due to its proximity to the international border, this area is the focus of important law enforcement and border interdiction efforts necessary to curtail illegal immigration and protect the area’s wilderness values.

(5) The illegal immigration traffic, combined with the rugged topography, also presents unique fire management challenges for protecting lives and resources.

**SEC. 3. DESIGNATION.**

16 USC 1132  
note.

In furtherance of the purposes of the Wilderness Act (16 U.S.C. 1131 et seq.), certain public lands in the California Desert District of the Bureau of Land Management, California, comprising approximately 18,500 acres as generally depicted on a map entitled “Otay Mountain Wilderness” and dated May 7, 1998, are hereby designated as wilderness and therefore as a component of the National Wilderness Preservation System, which shall be known as the Otay Mountain Wilderness.

**SEC. 4. MAP AND LEGAL DESCRIPTION.**

(a) IN GENERAL.—As soon as practicable after the date of the enactment of this Act, a map and a legal description for the Wilderness Area shall be filed by the Secretary with the Committee on Energy and Natural Resources of the Senate and the Committee on Resources of the House of Representatives. Such map and legal description shall have the same force and effect as if included

in this Act, except that the Secretary, as appropriate, may correct clerical and typographical errors in such legal description and map. Such map and legal description for the Wilderness Area shall be on file and available for public inspection in the offices of the Director and California State Director, Bureau of Land Management, Department of the Interior.

(b) UNITED STATES-MEXICO BORDER.—In carrying out this section, the Secretary shall ensure that the southern boundary of the Wilderness Area is 100 feet north of the trail depicted on the map referred to in subsection (a) and is at least 100 feet from the United States-Mexico international border.

#### **SEC. 5. WILDERNESS REVIEW.**

The Congress hereby finds and directs that all the public lands not designated wilderness within the boundaries of the Southern Otay Mountain Wilderness Study Area (CA-060-029) and the Western Otay Mountain Wilderness Study Area (CA-060-028) managed by the Bureau of Land Management and reported to the Congress in 1991, have been adequately studied for wilderness designation pursuant to section 603 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782), and are no longer subject to the requirements contained in section 603(c) of that Act pertaining to the management of wilderness study areas in a manner that does not impair the suitability of such areas for preservation as wilderness.

#### **SEC. 6. ADMINISTRATION OF WILDERNESS AREA.**

(a) IN GENERAL.—Subject to valid existing rights and to subsection (b), the Wilderness Area shall be administered by the Secretary in accordance with the provisions of the Wilderness Act (16 U.S.C. 1131 et seq.), except that—

(1) any reference in such provisions to the effective date of the Wilderness Act is deemed to be a reference to the effective date of this Act; and

(2) any reference in such provisions to the Secretary of Agriculture is deemed to be a reference to the Secretary of the Interior.

(b) BORDER ENFORCEMENT, DRUG INTERDICTION, AND WILDLAND FIRE PROTECTION.—Because of the proximity of the Wilderness Area to the United States-Mexico international border, drug interdiction, border operations, and wildland fire management operations are common management actions throughout the area encompassing the Wilderness Area. This Act recognizes the need to continue such management actions so long as such management actions are conducted in accordance with the Wilderness Act (16 U.S.C. 1131 et seq.) and are subject to such conditions as the Secretary considers appropriate.

#### **SEC. 7. FURTHER ACQUISITIONS.**

Any lands within the boundaries of the Wilderness Area that are acquired by the United States after the date of the enactment of this Act shall become part of the Wilderness Area and shall be managed in accordance with all the provisions of this Act and other laws applicable to such a wilderness.

#### **SEC. 8. NO BUFFER ZONES.**

The Congress does not intend for the designation of the Wilderness Area by this Act to lead to the creation of protective perimeters

or buffer zones around the Wilderness Area. The fact that non-wilderness activities or uses can be seen or heard from areas within the Wilderness Area shall not, of itself, preclude such activities or uses up to the boundary of the Wilderness Area.

**SEC. 9. DEFINITIONS.**

As used in this Act:

(1) **PUBLIC LANDS.**—The term “public lands” has the same meaning as that term has in section 103(e) of the Federal Land Policy and Management Act of 1976.

(2) **SECRETARY.**—The term “Secretary” means the Secretary of the Interior.

(3) **WILDERNESS AREA.**—The term “Wilderness Area” means the Otay Mountain Wilderness designated by section 3.

Approved December 9, 1999.

LEGISLATIVE HISTORY—H.R. 1932:

CONGRESSIONAL RECORD, Vol. 145 (1999):

Oct. 12, considered and passed House.

Nov. 19, considered and passed Senate.

Public Law 106–154  
106th Congress

An Act

Dec. 9, 1999  
[H.R. 2140]

To improve protection and management of the Chattahoochee River National  
Recreation Area in the State of Georgia.

*Be it enacted by the Senate and House of Representatives of  
the United States of America in Congress assembled,*

16 USC 460ii  
note.

**SECTION 1. FINDINGS AND PURPOSES.**

(a) FINDINGS.—Congress finds that—

(1) the Chattahoochee River National Recreation Area in the State of Georgia is a nationally significant resource;

(2) the Chattahoochee River National Recreation Area has been adversely affected by land use changes occurring inside and outside the recreation area;

(3) the population of the metropolitan Atlanta area continues to expand northward, leaving dwindling opportunities to protect the scenic, recreational, natural, and historical values of the 2,000-foot-wide corridor adjacent to each bank of the Chattahoochee River and its impoundments in the 48-mile segment known as the “area of national concern”;

(4) the State of Georgia has enacted the Metropolitan River Protection Act to ensure protection of the corridor located within 2,000 feet of each bank of the Chattahoochee River, or the corridor located within the 100-year floodplain, whichever is larger;

(5) the corridor located within the 100-year floodplain includes the area of national concern;

(6) since establishment of the Chattahoochee River National Recreation Area, visitor use of the recreation area has shifted dramatically from waterborne to water-related and land-based activities;

(7) the State of Georgia and political subdivisions of the State along the Chattahoochee River have indicated willingness to join in a cooperative effort with the United States to link existing units of the recreation area through a series of linear corridors to be established within the area of national concern and elsewhere on the river; and

(8) if Congress appropriates funds in support of the cooperative effort described in paragraph (7), funding from the State, political subdivisions of the State, private foundations, corporate entities, private individuals, and other sources will be available to fund more than half the estimated cost of the cooperative effort.

(b) PURPOSES.—The purposes of this Act are—

(1) to increase the level of protection of the open spaces within the area of national concern along the Chattahoochee

River and to enhance visitor enjoyment of the open spaces by adding land-based linear corridors to link existing units of the recreation area;

(2) to ensure that the Chattahoochee River National Recreation Area is managed to standardize acquisition, planning, design, construction, and operation of the linear corridors; and

(3) to authorize the appropriation of Federal funds to cover a portion of the costs of the Federal, State, local, and private cooperative effort to add additional areas to the recreation area so as to establish a series of linear corridors linking existing units of the recreation area and to protect other open spaces of the Chattahoochee River corridor.

**SEC. 2. AMENDMENTS TO CHATTAHOOCHEE RIVER NATIONAL RECREATION AREA ACT.**

(a) **BOUNDARIES.**—Section 101 of the Act entitled “An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes”, approved August 15, 1978 (16 U.S.C. 460ii), is amended—

(1) in the third sentence, by inserting after “numbered CHAT-20,003, and dated September 1984,” the following: “and on the maps entitled ‘Chattahoochee River National Recreation Area Interim Boundary Map #1’, ‘Chattahoochee River National Recreation Area Interim Boundary Map #2’, and ‘Chattahoochee River National Recreation Area Interim Boundary Map #3’, and dated August 6, 1998,”;

The revised map or other boundary description shall be prepared by the Secretary after consultation with affected landowners, the State of Georgia, and affected political subdivisions of the State. The revised boundaries shall take effect 180 days after the date of submission unless, within the 180-day period, Congress enacts a joint resolution disapproving the revised boundaries.”; and

**SEC. 2. SECRETARY DEFINED.**

49 USC 101 note.

In this Act, the term “Secretary” means the Secretary of Transportation.

**SEC. 3. FINDINGS.**

49 USC 113 note.

Congress makes the following findings:

(1) The current rate, number, and severity of crashes involving motor carriers in the United States are unacceptable.

(2) The number of Federal and State commercial motor vehicle and operator inspections is insufficient and civil penalties for violators must be utilized to deter future violations.

(3) The Department of Transportation is failing to meet statutorily mandated deadlines for completing rulemaking proceedings on motor carrier safety and, in some significant safety rulemaking proceedings, including driver hours-of-service regulations, extensive periods have elapsed without progress toward resolution or implementation.

(4) Too few motor carriers undergo compliance reviews and the Department’s data bases and information systems require substantial improvement to enhance the Department’s ability to target inspection and enforcement resources toward the most serious safety problems and to improve States’ ability to keep dangerous drivers off the roads.

(5) Additional safety inspectors and inspection facilities are needed in international border areas to ensure that commercial motor vehicles, drivers, and carriers comply with United States safety standards.

(6) The Department should rigorously avoid conflicts of interest in federally funded research.

(7) Meaningful measures to improve safety must be implemented expeditiously to prevent increases in motor carrier crashes, injuries, and fatalities.

(8) Proper use of Federal resources is essential to the Department’s ability to improve its research, rulemaking, oversight, and enforcement activities related to commercial motor vehicles, operators, and carriers.

**SEC. 4. PURPOSES.**

49 USC 113 note.

The purposes of this Act are—

(1) to improve the administration of the Federal motor carrier safety program and to establish a Federal Motor Carrier Safety Administration in the Department of Transportation; and

(2) to reduce the number and severity of large-truck involved crashes through more commercial motor vehicle and operator inspections and motor carrier compliance reviews, stronger enforcement measures against violators, expedited completion of rulemaking proceedings, scientifically sound research, and effective commercial driver’s license testing, recordkeeping and sanctions.

Joint Resolution

Conferring status as an honorary veteran of the United States Armed Forces on  
Zachary Fisher.

Dec. 9, 1999

[H.J. Res. 46]

Whereas the United States has only once before conferred on an individual status as an honorary veteran of the United States Armed Forces, when in Public Law 105–67 Congress conferred that status on Leslie Townes (Bob) Hope;

Whereas status as an honorary veteran of the United States Armed Forces is and should remain an extraordinary honor not lightly conferred nor frequently granted;

Whereas the lifetime of accomplishments and generosity of Zachary Fisher on behalf of United States military servicemembers, veterans, and their families through a wide range of philanthropic activities fully justifies the conferring of such status;

Whereas Zachary Fisher is himself not a veteran, having attempted to enlist in the Armed Forces to serve his country during World War II, but being informed that he was ineligible due to a preexisting medical condition;

Whereas Zachary Fisher and his wife Elizabeth have as private citizens enhanced the lives of thousands of servicemembers, veterans, and their families through a wide range of philanthropic activities;

Whereas Zachary Fisher has been honored by each of the branches of the Armed Forces, by the Departments of Defense and Veterans Affairs, and by the major veterans service organizations for projects such as the preservation of the USS INTREPID as a sea-air-space museum in New York harbor, the establishment of the Fisher House program for relatives of critically ill members of the Armed Forces and their families, and the furnishing of scholarships and other financial support to families who have lost a loved one in service to their country; and

Whereas Zachary Fisher has been awarded the Presidential Medal of Freedom in recognition of his extraordinary patriotism and philanthropy: Now, therefore, be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress—*

(1) extends its gratitude, on behalf of the American people, to Zachary Fisher for his lifetime of accomplishments and philanthropy on behalf of United States military servicemembers; and

(2) confers upon Zachary Fisher the status of an honorary veteran of the United States Armed Forces.

106th Congress

An Act

Dec. 9, 1999  
[S. 438]

To provide for the settlement of the water rights claims of the Chippewa Cree  
Tribe of the Rocky Boy's Reservation, and for other purposes.

Chippewa Cree  
Tribe of The  
Rocky Boy's  
Reservation  
Indian Reserved  
Water Rights  
Settlement and  
Water Supply  
Enhancement  
Act of 1999.

*Be it enacted by the Senate and House of Representatives of  
the United States of America in Congress assembled,*

**SECTION. 1. SHORT TITLE.**

This Act may be cited as the “Chippewa Cree Tribe of The  
Rocky Boy's Reservation Indian Reserved Water Rights Settlement  
and Water Supply Enhancement Act of 1999”.

**SEC. 2. FINDINGS.**

Congress finds that—

(1) in fulfillment of its trust responsibility to Indian tribes  
and to promote tribal sovereignty and economic self-sufficiency,  
it is the policy of the United States to settle the water rights  
claims of the tribes without lengthy and costly litigation;

(2) the Rocky Boy's Reservation was established as a home-  
land for the Chippewa Cree Tribe;

(3) adequate water for the Chippewa Cree Tribe of the  
Rocky Boy's Reservation is important to a permanent, sustain-  
able, and sovereign homeland for the Tribe and its members;

(4) the sovereignty of the Chippewa Cree Tribe and the  
economy of the Reservation depend on the development of the  
water resources of the Reservation;

Montana.

(5) the planning, design, and construction of the facilities  
needed to utilize water supplies effectively are necessary to  
the development of a viable Reservation economy and to  
implementation of the Chippewa Cree-Montana Water Rights  
Compact;

(6) the Rocky Boy's Reservation is located in a water-  
short area of Montana and it is appropriate that the Act provide  
funding for the development of additional water supplies,  
including domestic water, to meet the needs of the Chippewa  
Cree Tribe;

(7) proceedings to determine the full extent of the water  
rights of the Chippewa Cree Tribe are currently pending before  
the Montana Water Court as a part of In the Matter of the  
Adjudication of All Rights to the Use of Water, Both Surface  
and Underground, within the State of Montana;

(8) recognizing that final resolution of the general stream  
adjudication will take many years and entail great expense  
to all parties, prolong uncertainty as to the availability of  
water supplies, and seriously impair the long-term economic  
planning and development of all parties, the Chippewa Cree

Tribe and the State of Montana entered into the Compact on April 14, 1997; and

(9) the allocation of water resources from the Tiber Reservoir to the Chippewa Cree Tribe under this Act is uniquely suited to the geographic, social, and economic characteristics of the area and situation involved.

### SEC. 3. PURPOSES.

The purposes of this Act are as follows:

(1) To achieve a fair, equitable, and final settlement of all claims to water rights in the State of Montana for—

(A) the Chippewa Cree Tribe; and

(B) the United States for the benefit of the Chippewa Cree Tribe.

(2) To approve, ratify, and confirm, as modified in this Act, the Chippewa Cree-Montana Water Rights Compact entered into by the Chippewa Cree Tribe of the Rocky Boy's Reservation and the State of Montana on April 14, 1997, and to provide funding and other authorization necessary for the implementation of the Compact.

(3) To authorize the Secretary of the Interior to execute and implement the Compact referred to in paragraph (2) and to take such other actions as are necessary to implement the Compact in a manner consistent with this Act.

(4) To authorize Federal feasibility studies designed to identify and analyze potential mechanisms to enhance, through conservation or otherwise, water supplies in North Central Montana, including mechanisms to import domestic water supplies for the future growth of the Rocky Boy's Indian Reservation.

(5) To authorize certain projects on the Rocky Boy's Indian Reservation, Montana, in order to implement the Compact.

## **TITLE I—IMPROVED INDEPENDENT LIVING PROGRAM**

### **Subtitle A—Improved Independent Living Program**

#### **SEC. 101. IMPROVED INDEPENDENT LIVING PROGRAM.**

42 USC 677 note.

(a) FINDINGS.—The Congress finds the following:

(1) States are required to make reasonable efforts to find adoptive families for all children, including older children, for whom reunification with their biological family is not in the best interests of the child. However, some older children will continue to live in foster care. These children should be enrolled in an Independent Living program designed and conducted by State and local government to help prepare them for employment, postsecondary education, and successful management of adult responsibilities.

(2) Older children who continue to be in foster care as adolescents may become eligible for Independent Living programs. These Independent Living programs are not an alternative to adoption for these children. Enrollment in Independent Living programs can occur concurrent with continued efforts to locate and achieve placement in adoptive families for older children in foster care.

(3) About 20,000 adolescents leave the Nation's foster care system each year because they have reached 18 years of age and are expected to support themselves.

(4) Congress has received extensive information that adolescents leaving foster care have significant difficulty making a successful transition to adulthood; this information shows that children aging out of foster care show high rates of homelessness, non-marital childbearing, poverty, and delinquent or criminal behavior; they are also frequently the target of crime and physical assaults.

(5) The Nation's State and local governments, with financial support from the Federal Government, should offer an extensive program of education, training, employment, and financial support for young adults leaving foster care, with participation in such program beginning several years before high school

graduation and continuing, as needed, until the young adults emancipated from foster care establish independence or reach 21 years of age.

(b) IMPROVED INDEPENDENT LIVING PROGRAM.—Section 477 of the Social Security Act (42 U.S.C. 677) is amended to read as follows:

**“SEC. 477. JOHN H. CHAFEE FOSTER CARE INDEPENDENCE PROGRAM.**

“(a) PURPOSE.—The purpose of this section is to provide States with flexible funding that will enable programs to be designed and conducted—

“(1) to identify children who are likely to remain in foster care until 18 years of age and to help these children make the transition to self-sufficiency by providing services such as assistance in obtaining a high school diploma, career exploration, vocational training, job placement and retention, training in daily living skills, training in budgeting and financial management skills, substance abuse prevention, and preventive health activities (including smoking avoidance, nutrition education, and pregnancy prevention);

“(2) to help children who are likely to remain in foster care until 18 years of age receive the education, training, and services necessary to obtain employment;

“(3) to help children who are likely to remain in foster care until 18 years of age prepare for and enter postsecondary training and education institutions;

“(4) to provide personal and emotional support to children aging out of foster care, through mentors and the promotion of interactions with dedicated adults; and

“(5) to provide financial, housing, counseling, employment, education, and other appropriate support and services to former foster care recipients between 18 and 21 years of age to complement their own efforts to achieve self-sufficiency and to assure that program participants recognize and accept their personal responsibility for preparing for and then making the transition from adolescence to adulthood.

“(b) APPLICATIONS.—

“(1) IN GENERAL.—A State may apply for funds from its allotment under subsection (c) for a period of five consecutive fiscal years by submitting to the Secretary, in writing, a plan that meets the requirements of paragraph (2) and the certifications required by paragraph (3) with respect to the plan.

“(2) STATE PLAN.—A plan meets the requirements of this paragraph if the plan specifies which State agency or agencies will administer, supervise, or oversee the programs carried out under the plan, and describes how the State intends to do the following:

“(A) Design and deliver programs to achieve the purposes of this section.

“(B) Ensure that all political subdivisions in the State are served by the program, though not necessarily in a uniform manner.

“(C) Ensure that the programs serve children of various ages and at various stages of achieving independence.

“(D) Involve the public and private sectors in helping adolescents in foster care achieve independence.

“(E) Use objective criteria for determining eligibility for benefits and services under the programs, and for ensuring fair and equitable treatment of benefit recipients.

“(F) Cooperate in national evaluations of the effects of the programs in achieving the purposes of this section.

“(3) CERTIFICATIONS.—The certifications required by this paragraph with respect to a plan are the following:

“(A) A certification by the chief executive officer of the State that the State will provide assistance and services to children who have left foster care because they have attained 18 years of age, and who have not attained 21 years of age.

“(B) A certification by the chief executive officer of the State that not more than 30 percent of the amounts paid to the State from its allotment under subsection (c) for a fiscal year will be expended for room or board for children who have left foster care because they have attained 18 years of age, and who have not attained 21 years of age.

“(C) A certification by the chief executive officer of the State that none of the amounts paid to the State from its allotment under subsection (c) will be expended for room or board for any child who has not attained 18 years of age.

“(D) A certification by the chief executive officer of the State that the State will use training funds provided under the program of Federal payments for foster care and adoption assistance to provide training to help foster parents, adoptive parents, workers in group homes, and case managers understand and address the issues confronting adolescents preparing for independent living, and will, to the extent possible, coordinate such training with the independent living program conducted for adolescents.

“(E) A certification by the chief executive officer of the State that the State has consulted widely with public and private organizations in developing the plan and that the State has given all interested members of the public at least 30 days to submit comments on the plan.

“(F) A certification by the chief executive officer of the State that the State will make every effort to coordinate the State programs receiving funds provided from an allotment made to the State under subsection (c) with other Federal and State programs for youth (especially transitional living youth projects funded under part B of title III of the Juvenile Justice and Delinquency Prevention Act of 1974), abstinence education programs, local housing programs, programs for disabled youth (especially sheltered workshops), and school-to-work programs offered by high schools or local workforce agencies.

“(G) A certification by the chief executive officer of the State that each Indian tribe in the State has been consulted about the programs to be carried out under the plan; that there have been efforts to coordinate the programs with such tribes; and that benefits and services under the programs will be made available to Indian children in the State on the same basis as to other children in the State.

“(H) A certification by the chief executive officer of the State that the State will ensure that adolescents participating in the program under this section participate directly in designing their own program activities that prepare them for independent living and that the adolescents accept personal responsibility for living up to their part of the program.

“(I) A certification by the chief executive officer of the State that the State has established and will enforce standards and procedures to prevent fraud and abuse in the programs carried out under the plan.

“(4) APPROVAL.—The Secretary shall approve an application submitted by a State pursuant to paragraph (1) for a period if—

“(A) the application is submitted on or before June 30 of the calendar year in which such period begins; and

“(B) the Secretary finds that the application contains the material required by paragraph (1).

“(5) AUTHORITY TO IMPLEMENT CERTAIN AMENDMENTS; NOTIFICATION.—A State with an application approved under paragraph (4) may implement any amendment to the plan contained in the application if the application, incorporating the amendment, would be approvable under paragraph (4). “(6) AVAILABILITY.—The State shall make available to the public any application submitted by the State pursuant to paragraph (1), and a brief summary of the plan contained in the application.

“(c) ALLOTMENTS TO STATES.—

“(1) IN GENERAL.—From the amount specified in subsection (h) that remains after applying subsection (g)(2) for a fiscal year, the Secretary shall allot to each State with an application approved under subsection (b) for the fiscal year the amount which bears the same ratio to such remaining amount as the number of children in foster care under a program of the State in the most recent fiscal year for which such information is available bears to the total number of children in foster care in all States for such most recent fiscal year, as adjusted in accordance with paragraph (2).

“(2) HOLD HARMLESS PROVISION.—

“(A) IN GENERAL.—The Secretary shall allot to each State whose allotment for a fiscal year under paragraph (1) is less than the greater of \$500,000 or the amount payable to the State under this section for fiscal year 1998, an additional amount equal to the difference between such allotment and such greater amount.

“(B) RATABLE REDUCTION OF CERTAIN ALLOTMENTS.—In the case of a State not described in subparagraph (A) of this paragraph for a fiscal year, the Secretary shall reduce the amount allotted to the State for the fiscal year under paragraph (1) by the amount that bears the same ratio to the sum of the differences determined under subparagraph (A) of this paragraph for the fiscal year as the excess of the amount so allotted over the greater of \$500,000 or the amount payable to the State under

Deadline.

this section for fiscal year 1998 bears to the sum of such excess amounts determined for all such States.

“(d) USE OF FUNDS.—

“(1) IN GENERAL.—A State to which an amount is paid from its allotment under subsection (c) may use the amount in any manner that is reasonably calculated to accomplish the purposes of this section.

“(2) NO SUPPLANTATION OF OTHER FUNDS AVAILABLE FOR SAME GENERAL PURPOSES.—The amounts paid to a State from its allotment under subsection (c) shall be used to supplement and not supplant any other funds which are available for the same general purposes in the State.

“(3) TWO-YEAR AVAILABILITY OF FUNDS.—Payments made to a State under this section for a fiscal year shall be expended by the State in the fiscal year or in the succeeding fiscal year.

“(e) PENALTIES.—

“(1) USE OF GRANT IN VIOLATION OF THIS PART.—If the Secretary is made aware, by an audit conducted under chapter 75 of title 31, United States Code, or by any other means, that a program receiving funds from an allotment made to a State under subsection (c) has been operated in a manner that is inconsistent with, or not disclosed in the State application approved under subsection (b), the Secretary shall assess a penalty against the State in an amount equal to not less than 1 percent and not more than 5 percent of the amount of the allotment.

“(2) FAILURE TO COMPLY WITH DATA REPORTING REQUIREMENT.—The Secretary shall assess a penalty against a State that fails during a fiscal year to comply with an information collection plan implemented under subsection (f) in an amount equal to not less than 1 percent and not more than 5 percent of the amount allotted to the State for the fiscal year.

42 USC 1320b-19 note.

**SEC. 2. FINDINGS AND PURPOSES.**

(a) **FINDINGS.**—The Congress makes the following findings:

(1) It is the policy of the United States to provide assistance to individuals with disabilities to lead productive work lives.

(2) Health care is important to all Americans.

(3) Health care is particularly important to individuals with disabilities and special health care needs who often cannot afford the insurance available to them through the private market, are uninsurable by the plans available in the private sector, and are at great risk of incurring very high and economically devastating health care costs.

(4) Americans with significant disabilities often are unable to obtain health care insurance that provides coverage of the services and supports that enable them to live independently and enter or rejoin the workforce. Personal assistance services (such as attendant services, personal assistance with transportation to and from work, reader services, job coaches, and related assistance) remove many of the barriers between significant disability and work. Coverage for such services, as well as for prescription drugs, durable medical equipment, and basic health care are powerful and proven tools for individuals with significant disabilities to obtain and retain employment.

(5) For individuals with disabilities, the fear of losing health care and related services is one of the greatest barriers keeping the individuals from maximizing their employment, earning potential, and independence.

(6) Social Security Disability Insurance and Supplemental Security Income beneficiaries risk losing medicare or medicaid coverage that is linked to their cash benefits, a risk that is an equal, or greater, work disincentive than the loss of cash benefits associated with working.

(7) Individuals with disabilities have greater opportunities for employment than ever before, aided by important public policy initiatives such as the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), advancements in public understanding of disability, and innovations in assistive technology, medical treatment, and rehabilitation.

(8) Despite such historic opportunities and the desire of millions of disability recipients to work and support themselves, fewer than one-half of one percent of Social Security Disability

Insurance and Supplemental Security Income beneficiaries leave the disability rolls and return to work.

(9) In addition to the fear of loss of health care coverage, beneficiaries cite financial disincentives to work and earn income and lack of adequate employment training and placement services as barriers to employment.

(10) Eliminating such barriers to work by creating financial incentives to work and by providing individuals with disabilities real choice in obtaining the services and technology they need to find, enter, and maintain employment can greatly improve their short and long-term financial independence and personal well-being.

(11) In addition to the enormous advantages such changes promise for individuals with disabilities, redesigning government programs to help individuals with disabilities return to work may result in significant savings and extend the life of the Social Security Disability Insurance Trust Fund.

(12) If only an additional one-half of one percent of the current Social Security Disability Insurance and Supplemental Security Income recipients were to cease receiving benefits as a result of employment, the savings to the Social Security Trust Funds and to the Treasury in cash assistance would total \$3,500,000,000 over the worklife of such individuals, far exceeding the cost of providing incentives and services needed to assist them in entering work and achieving financial independence to the best of their abilities.

(b) PURPOSES.—The purposes of this Act are as follows:

(1) To provide health care and employment preparation and placement services to individuals with disabilities that will enable those individuals to reduce their dependency on cash benefit programs.

(2) To encourage States to adopt the option of allowing individuals with disabilities to purchase medicaid coverage that is necessary to enable such individuals to maintain employment.

(3) To provide individuals with disabilities the option of maintaining medicare coverage while working.

(4) To establish a return to work ticket program that will allow individuals with disabilities to seek the services necessary to obtain and retain employment and reduce their dependency on cash benefit programs.

## **TITLE I—TICKET TO WORK AND SELF-SUFFICIENCY AND RELATED PROVISIONS**

### **Subtitle A—Ticket to Work and Self-Sufficiency**

#### **SEC. 101. ESTABLISHMENT OF THE TICKET TO WORK AND SELF-SUFFICIENCY PROGRAM.**

“(4) PAYMENTS TO EMPLOYMENT NETWORKS.—The Commissioner shall pay an employment network under the Program in accordance with the outcome payment system under subsection (h)(2) or under the outcome-milestone payment system under subsection (h)(3) (whichever is elected pursuant to subsection (h)(1)). ## “ (c) STATE PARTICIPATION.—

“(1) IN GENERAL.—Each State agency administering or supervising the administration of the State plan approved under title I of the Rehabilitation Act of 1973 (29 U.S.C. 720 et seq.) may elect to participate in the Program as an employment network with respect to a disabled beneficiary. If the State agency does elect to participate in the Program, the State agency also shall elect to be paid under the outcome payment system or the outcome-milestone payment system in accordance with subsection (h)(1). With respect to a disabled beneficiary that the State agency does not elect to have participate in the Program, the State agency shall be paid for services provided to that beneficiary under the system for payment applicable under section 222(d) and subsections (d) and (e) of section 1615. “(B) STATE AGENCIES ADMINISTERING MATERNAL AND CHILD HEALTH SERVICES PROGRAMS.—Subparagraph (A) shall not apply with respect to any State agency administering a program under title V of this Act.

“(3) AGREEMENTS BETWEEN STATE AGENCIES AND EMPLOYMENT NETWORKS.—State agencies and employment networks shall enter into agreements regarding the conditions under which services will be provided when an individual is referred by an employment network to a State agency for services. The Commissioner shall establish by regulations the timeframe within which such agreements must be entered into and the mechanisms for dispute resolution between State agencies and employment networks with respect to such agreements.

“(d) RESPONSIBILITIES OF THE COMMISSIONER.—

“(1) SELECTION AND QUALIFICATIONS OF PROGRAM MANAGERS.—The Commissioner shall enter into agreements with 1 or more organizations in the private or public sector for service as a program manager to assist the Commissioner in administering the Program. Any such program manager shall be selected by means of a competitive bidding process, from among organizations in the private or public sector with available expertise and experience in the field of vocational rehabilitation or employment services.

“(2) TENURE, RENEWAL, AND EARLY TERMINATION.—Each agreement entered into under paragraph (1) shall provide for early termination upon failure to meet performance standards which shall be specified in the agreement and which shall be weighted to take into account any performance in prior terms. Such performance standards shall include—

“(A) measures for ease of access by beneficiaries to services; and

“(B) measures for determining the extent to which failures in obtaining services for beneficiaries fall within acceptable parameters, as determined by the Commissioner.

“(3) PRECLUSION FROM DIRECT PARTICIPATION IN DELIVERY OF SERVICES IN OWN SERVICE AREA.—Agreements under paragraph (1) shall preclude—

“(A) direct participation by a program manager in the delivery of employment services, vocational rehabilitation services, or other support services to beneficiaries in the service area covered by the program manager’s agreement; and

“(4) SELECTION OF EMPLOYMENT NETWORKS.—

“(A) IN GENERAL.—The Commissioner shall select and enter into agreements with employment networks for service under the Program. Such employment networks

shall be in addition to State agencies serving as employment networks pursuant to elections under subsection (c).

The Commissioner shall ensure that the periodic surveys of beneficiaries receiving services under the Program are designed to measure customer service satisfaction.

“(7) DISPUTE RESOLUTION.—The Commissioner shall provide for a mechanism for resolving disputes between beneficiaries and employment networks, between program managers and employment networks, and between program managers and providers of services. The program manager shall carry out such recruitment and provide such recommendations, and shall monitor all employment networks serving in the Program in the geographic area covered under the program manager’s agreement, to the extent necessary and appropriate to ensure that adequate choices of services are made available to beneficiaries. Employment networks may serve under the Program only pursuant to an agreement entered into with the Commissioner under the Program incorporating the applicable provisions of this section and regulations thereunder, and the program manager shall provide and maintain assurances to the Commissioner that payment by the Commissioner to employment networks pursuant to this section is warranted based on compliance by such employment networks with the terms of such agreement and this section. The program manager shall not impose numerical limits on the number of employment networks to be recommended pursuant to this paragraph.

“(3) FACILITATION OF ACCESS BY BENEFICIARIES TO EMPLOYMENT NETWORKS.—A program manager shall facilitate access by beneficiaries to employment networks. The program manager shall ensure that each beneficiary is allowed changes in employment networks without being deemed to have rejected services under the Program. When such a change occurs, the program manager shall reassign the ticket based on the choice of the beneficiary. Upon the request of the employment network, the program manager shall make a determination of the allocation of the outcome or milestone-outcome payments based on the services provided by each employment network. The program manager shall establish and maintain lists of employment networks available to beneficiaries and shall make such lists generally available to the public. The program manager shall ensure that all information provided to disabled beneficiaries pursuant to this paragraph is provided in accessible formats.

“(C) COMPLIANCE WITH SELECTION CRITERIA.—No employment network may serve under the Program unless it meets and maintains compliance with both general selection criteria (such as professional and educational qualifications, where applicable) and specific selection criteria (such as substantial expertise and experience in providing relevant employment services and supports).

“(D) SINGLE OR ASSOCIATED PROVIDERS ALLOWED.—An employment network shall consist of either a single provider of such services or of an association of such providers organized so as to combine their resources into a single entity. An employment network may meet the requirements of subsection (e)(4) by providing services directly, or by entering into agreements with other individuals or entities providing appropriate employment services, vocational rehabilitation services, or other support services.

“(2) REQUIREMENTS RELATING TO PROVISION OF SERVICES.—Each employment network serving under the Program shall be required under the terms of its agreement with the Commissioner to—

“(A) serve prescribed service areas; and

Such reports shall conform to a national model prescribed under this section. Each employment network shall provide a copy of the latest report issued by the employment network pursuant to this paragraph to each beneficiary upon enrollment under the Program for services to be received through such employment network. Upon issuance of each report to each beneficiary, a copy of the report shall be maintained in the files of the employment network. The program manager shall ensure that copies of all such reports issued under this paragraph are made available to the public under reasonable terms.

“(g) INDIVIDUAL WORK PLANS.—

“(1) REQUIREMENTS.—Each employment network shall—

“(B) develop and implement each such individual work plan, in partnership with each beneficiary receiving such services, in a manner that affords such beneficiary the opportunity to exercise informed choice in selecting an employment goal and specific services needed to achieve that employment goal;

“(C) ensure that each individual work plan includes at least—

“(i) a statement of the vocational goal developed with the beneficiary, including, as appropriate, goals for earnings and job advancement;

“(ii) a statement of the services and supports that have been deemed necessary for the beneficiary to accomplish that goal;

“(iii) a statement of any terms and conditions related to the provision of such services and supports; and

“(iv) a statement of understanding regarding the beneficiary’s rights under the Program (such as the right to retrieve the ticket to work and self-sufficiency if the beneficiary is dissatisfied with the services being provided by the employment network) and remedies available to the individual, including information on the availability of advocacy services and assistance in resolving disputes through the State grant program authorized under section 1150;

“(D) provide a beneficiary the opportunity to amend the individual work plan if a change in circumstances necessitates a change in the plan; and

“(2) EFFECTIVE UPON WRITTEN APPROVAL.—A beneficiary’s individual work plan shall take effect upon written approval by the beneficiary or a representative of the beneficiary and a representative of the employment network that, in providing such written approval, acknowledges assignment of the beneficiary’s ticket to work and self-sufficiency.

“(h) EMPLOYMENT NETWORK PAYMENT SYSTEMS.—

“(1) ELECTION OF PAYMENT SYSTEM BY EMPLOYMENT NETWORKS.—

“(A) IN GENERAL.—The Program shall provide for payment authorized by the Commissioner to employment networks under either an outcome payment system or an outcome-milestone payment system. Each employment network shall elect which payment system will be utilized by the employment network, and, for such period of time as such election remains in effect, the payment system so elected shall be utilized exclusively in connection with such employment network (except as provided in subparagraph (B)).

“(B) NO CHANGE IN METHOD OF PAYMENT FOR BENEFICIARIES WITH TICKETS ALREADY ASSIGNED TO THE EMPLOYMENT NETWORKS.—Any election of a payment system by an employment network that would result in a change in the method of payment to the employment network for services provided to a beneficiary who is receiving services from the employment network at the time of the election shall not be effective with respect to payment for services provided to that beneficiary and the method of payment previously selected shall continue to apply with respect to such services.

“(2) OUTCOME PAYMENT SYSTEM.—

“(A) IN GENERAL.—The outcome payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

“(B) PAYMENTS MADE DURING OUTCOME PAYMENT PERIOD.—The outcome payment system shall provide for a schedule of payments to an employment network, in connection with each individual who is a beneficiary, for each month, during the individual’s outcome payment period, for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable to such individual because of work or earnings.

“(C) COMPUTATION OF PAYMENTS TO EMPLOYMENT NETWORK.—The payment schedule of the outcome payment system shall be designed so that—

“(i) the payment for each month during the outcome payment period for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable is equal to a fixed percentage of the payment calculation base for the calendar year in which such month occurs; and

“(ii) such fixed percentage is set at a percentage which does not exceed 40 percent.

“(3) OUTCOME-MILESTONE PAYMENT SYSTEM.—

“(A) IN GENERAL.—The outcome-milestone payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

“(B) EARLY PAYMENTS UPON ATTAINMENT OF MILESTONES IN ADVANCE OF OUTCOME PAYMENT PERIODS.—The outcome-milestone payment system shall provide for 1 or more milestones, with respect to beneficiaries receiving services from an employment network under the Program, that are directed toward the goal of permanent employment. Such milestones shall form a part of a payment structure that provides, in addition to payments made during outcome payment periods, payments made prior to outcome payment periods in amounts based on the attainment of such milestones.

“(C) LIMITATION ON TOTAL PAYMENTS TO EMPLOYMENT NETWORK.—The payment schedule of the outcome milestone payment system shall be designed so that the total of the payments to the employment network with respect to each beneficiary is less than, on a net present value basis (using an interest rate determined by the Commissioner that appropriately reflects the cost of funds faced by providers), the total amount to which payments to the employment network with respect to the beneficiary would be limited if the employment network were paid under the outcome payment system.

“(4) DEFINITIONS.—In this subsection:

“(A) PAYMENT CALCULATION BASE.—The term ‘payment calculation base’ means, for any calendar year—

“(i) in connection with a title II disability beneficiary, the average disability insurance benefit payable

“(B) OUTCOME PAYMENT PERIOD.—The term ‘outcome payment period’ means, in connection with any individual who had assigned a ticket to work and self-sufficiency to an employment network under the Program, a period—

“(ii) ending with the 60th month (consecutive or otherwise), ending after such date, for which such benefits are not payable to such individual by reason of engagement in substantial gainful activity or by reason of earnings from work activity.

“(5) PERIODIC REVIEW AND ALTERATIONS OF PRESCRIBED SCHEDULES.—

“(A) PERCENTAGES AND PERIODS.—The Commissioner shall periodically review the percentage specified in paragraph (2)(C), the total payments permissible under paragraph (3)(C), and the period of time specified in paragraph (4)(B) to determine whether such percentages, such permissible payments, and such period provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce, while providing for appropriate economies. The Commissioner may alter such percentage, such total permissible payments, or such period of time to the extent that the Commissioner determines, on the basis of the Commissioner’s review under this paragraph, that such an alteration would better provide the incentive and economies described in the preceding sentence.

“(B) NUMBER AND AMOUNTS OF MILESTONE PAYMENTS.—The Commissioner shall periodically review the number and amounts of milestone payments established by the Commissioner pursuant to this section to determine whether they provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce, taking into account information provided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, and other reliable sources. The Commissioner may from time to time alter the number and amounts of milestone payments initially established by the Commissioner pursuant to this section to the extent that the Commissioner determines that such an alteration

would allow an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Such alteration shall be based on information provided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, or other reliable sources.

“(i) individuals with a need for ongoing support and services;

“(ii) individuals with a need for high-cost accommodations;

“(iii) individuals who earn a subminimum wage; and

“(iv) individuals who work and receive partial cash benefits.

The Commissioner shall consult with the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999 during the development and evaluation of the study. The Commissioner shall implement the necessary adjusted payment rates prior to full implementation of the Ticket to Work and Self-Sufficiency Program.

“(i) SUSPENSION OF DISABILITY REVIEWS.—During any period for which an individual is using, as defined by the Commissioner, a ticket to work and self-sufficiency issued under this section, the Commissioner (and any applicable State agency) may not initiate a continuing disability review or other review under section 221 of whether the individual is or is not under a disability or a review under title XVI similar to any such review under section 221.
